

# SACK POUCH MK3 - SPIRITUS SYSTEMS SACK POUCH MK3 - MULTICAM TROPIC

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

The Sub Abdominal Carrying Kit or "SACK" is the most versatile tactical "fanny pack" on the market. It was designed to make critical equipment easy to access from both sides or when in a confined space like a vehicle. The pouch features a half zip design, which means that your equipment will not easily fall out of the pouch even if the zipper is left unsecured. The front of the pouch features a small zippered stash pocket that is perfect for easy access to small items. The bottom of the pouch features two elastic loops that can be adjusted to hold a tourniquet or other equipment that you may need to rapidly deploy. If bottom carry doesn't fit your mission needs, you can easily remove and reinstall the loops as necessary. The inside features soft loop Velcro on both sides. This makes the pouch very dynamic, giving you the ability to use our Velcro Insert Suite to fit your requirements. It also features two slide-locks that make it easy to adjust the tension of the elastic loops hanging below, as well as two tie-down loops for securing sensitive equipment. The two grommet holes on the bottom aid with drainage of the pouch, if submersion occurs. The SACK is designed to fit onto the bottom of Spiritus Systems Micro Fight Chest Rig, or any other plate carrier or rig that accommodates standard hook and loop, making it a versatile choice for those changing load-outs often. Simply pull this off one kit and add it to another. Velcro Attachment measures 7"x 4"

# SACK POUCH MK3 Safety Instructions

## Introduction

Thank you for choosing the SACK POUCH MK3 by Spiritus Systems. This versatile tactical pouch is designed for ease of access to your critical equipment. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always inspect the pouch for any signs of damage before use.
- Ensure that the pouch is securely attached to your gear to prevent accidental detachment.
- Be aware of your surroundings while using the pouch, especially in confined spaces.
- Keep the pouch away from children and vulnerable individuals to prevent misuse or accidents.
- Regularly check for recalls or safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of items falling out if the zipper is left unsecured.
  - Potential for entanglement with loose straps or attachments.
- **Avoiding Hazards:**
  - Always zip the pouch securely before moving.
  - Ensure that elastic loops are properly adjusted to hold items securely.
  - Do not overload the pouch beyond its intended capacity.
- **Audience Specific Warnings:**
  - This product is not suitable for children under 14 years of age due to small parts and potential misuse.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the SACK POUCH MK3 is compatible with your plate carrier or rig.
- Attach the pouch using the provided Velcro attachment, ensuring it is aligned properly.
- Adjust the two elastic loops at the bottom to securely hold your equipment.

### 2. Usage:

- Open the half zip design to access your equipment.
- Use the small zippered stash pocket for easy access to small items.
- If using the pouch in a vehicle, ensure that it is secured to prevent movement.
- Adjust the tension of the elastic loops using the slidelocks as needed.
- For drainage, ensure that the grommet holes are unobstructed.

## Disposal Instructions

- Dispose of the SACK POUCH MK3 in accordance with local regulations.
- If the pouch is damaged beyond repair, consider recycling materials where possible.

## Contact Information for Further Support

For any safety inquiries or additional support, please refer to the official Spiritus Systems website or contact

your local retailer.

Thank you for your attention to safety. Enjoy using your SACK POUCH MK3!
