

# ASSAULT BACK PANEL CORE - SPIRITUS SYSTEMS ASSAULT BACK PANEL CORE - WOLF GREY

[Home](#)

The top of the Panel features a custom double pull, separating zipper. This zipper serves three purposes. It allows the Flaps to be completely removed from the Core and swapped out. It allows communication antennas and other items such as cabling, hydration tubes, and breaching tools to be routed into and out of the top of the panel. It provides quick access to the inside of the panel without lifting the entire Flap. The Assault Panel Core also has three direction snaps to hold Flaps securely on and to keep tools held inside the panel. The Assault Panel Core features 4 external attachment zippers. These zippers allow the panel to be worn in three configurations. Configuration 1 uses the top zippers to attach the panel to the plate bag. This compresses the panel and allows the panel to be worn in a "light" configuration. This configuration of the panel is great for assaulters who want a streamlined and tight configuration and only need to carry things like a small hydration bladder, slap charges, flash bangs and GP kit on their backs. Configuration 2 uses the bottom zippers to attach the panel to the plate bag. This configuration gives the user much more capacity and configures the panel into more of a backpack. This provides the same features as Configuration 1, but with the added volume for bulky items such as radios, cold weather gear, poll less litters, etc. Configuration 3 also uses the bottom zippers to attach to the rear plate bag, but introduces the bottom expansion as well. This expansion offers the ability to carry longer tools and store even more bulky items in the expanded space. The Assault Panel Core comes standard with a permanently affixed large GP pocket on the lower half. This pocket is velcro lined for attachment of accessory items. It features a total of two tie down locations inside the pouch for securing sensitive equipment. The front of the pouch features a zippered stash pocket for organizing smaller, commonly needed items. This pocket also has a 4" x 5" Velcro Field for attaching identification patches. Behind the GP pocket is a hidden stash compartment. This is used for storing the lower half of slap charges or breach pens when they are passed through the flaps above. It can also be used to stash E&E equipment or smaller personal items. Each side of the panel features six tie down loops for securing longer items external to the panel. These loops are great for attaching Tri-Fold or Bi-Fold charges or other tall items. The bottom expansion has a G-Hook internal to the panel that allows you to secure it in place if a heavier load needs to be carried inside, but you do not want the expansion to deploy inadvertently. Fitment Guide Medium Overt Plate Bags - Fits Large Overt Plate Bags - Fits, could use an XL Adapter if you have very thick plates, and are overloading the panel. Extra Large Overt Plate Bags - Needs an XL Adapter to be compatible with the XL Plate Bags. Some images shown with optional accessories, sold separately.

## Attributes

- Name: [SPIRITUS SYSTEMS ASSAULT BACK PANEL CORE - WOLF GREY](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101891
- Mfr. No.: PC-AP-WG

# ASSAULT BACK PANEL CORE SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the ASSAULT BACK PANEL CORE by Spiritus Systems. This product is designed for tactical use and provides various configurations for carrying essential gear. To ensure safe and effective use of the panel, please read and follow these safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** Ensure the panel is used according to the instructions provided. Improper use may lead to accidents or injury.
- **Enhanced Recalls:** Stay informed about product recalls. If notified, follow the instructions for returning or remedying the product.
- **Online Shopping:** Verify that your purchase is from a reputable source that adheres to safety standards.
- **Special Consumer Focus:** This product is not intended for children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact resources.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety.

## Specific Safety Precautions for Use

- **Proper Fit:** Ensure the panel is compatible with your plate bag size. Refer to the fitment guide:
  - Medium Overt Plate Bags Fits
  - Large Overt Plate Bags Fits (consider using an XL Adapter for thick plates)
  - Extra Large Overt Plate Bags Requires an XL Adapter for compatibility.
- **Weight Limit:** Do not overload the panel. Excessive weight may compromise the integrity of the panel and lead to failure.
- **Secure Fastenings:** Always ensure that all zippers and snaps are securely fastened before use to prevent accidental opening.
- **Inspection:** Regularly inspect the panel for wear and tear. Replace if any components are damaged.
- **Use in Appropriate Conditions:** Avoid using the panel in extreme weather conditions unless specifically designed for such use.

## Instructions for Installation and Usage

### 1. Attaching the Panel:

- **Configuration 1:** Use the top zippers to attach the panel to the plate bag for a "light" configuration.
- **Configuration 2:** Use the bottom zippers to attach the panel for increased capacity, suitable for bulky items.
- **Configuration 3:** Attach to the rear plate bag using bottom zippers and utilize the expansion feature for longer tools.

### 2. Using the Flaps:

- The custom double pull zipper allows for complete removal and swapping of the flaps. Ensure the zipper is fully closed before use.
- Utilize the three direction snaps to secure the flaps and keep tools inside the panel.

### 3. Storage:

- Use the large GP pocket on the lower half for accessory items. Ensure items are secured with the two tiedown locations inside the pocket.
- Utilize the zippered stash pocket for smaller items and the hidden stash compartment for sensitive equipment.

#### 4. Tie Down Loops:

- Use the six tiedown loops on each side for securing longer items. Ensure items are secured properly to avoid accidents.

#### 5. Expansion Feature:

- Use the GHook to secure the bottom expansion if carrying heavier loads to prevent unintended deployment.

## Disposal Instructions

- **Disposal:** Dispose of the product in accordance with local regulations. Do not dispose of in regular household waste.
- **Recycling:** If applicable, recycle components according to local recycling guidelines to minimize environmental impact.

## Contact Information for Further Support

For any inquiries regarding safety or product use, please refer to the manufacturer's official support channels. Ensure that you have the product details available when seeking assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your ASSAULT BACK PANEL CORE responsibly!
