

BACK PANEL GP FLAP - SPIRITUS SYSTEMS BACK PANEL GP FLAP - MULTICAM BLACK

[Home](#)

*** This product attaches to the ASSAULT BACK PANEL CORE. It is NOT standalone and requires a Core to function properly.*** GP Flap The GP Flap is a single pocket zip on attachment to our Assault Back Panel Core. It consists of one pocket that measures 10" x 6" x 2.5" The pocket was built to store extra items that may be needed on an operation such as medical equipment or roll up flex linear charges. The pocket features a half zippered closure to prevent items from inadvertently dumping out unzipping the pouch. Inside the pocket there is Velcro loop lined on both sides for the addition of hook Velcro accessories. There are also two tie down locations on the interior for securing sensitive items. The GP Flap has two built-in channels behind the pocket that allows for the storage of linear items, such as Slap Charges and Breach Pens. The front of the pocket offers a smaller zippered stash pocket for organizing smaller items and features a loop Velcro field that measures 2" x 9" for attaching placards or velcro patches. The GP flap is attached to the Assault Back Panel Core by a separating dual zipper, 3 directional snaps and a hook/loop Velcro field. Some images show with optional accessories, sold separately.

Safety Instruction Guide for BACK PANEL GP FLAP MULTICAM BLACK

Introduction

Thank you for choosing the BACK PANEL GP FLAP from SPIRITUS SYSTEMS. This product is designed to enhance your operational capabilities when used in conjunction with the ASSAULT BACK PANEL CORE. Please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that the product is used only with the compatible ASSAULT BACK PANEL CORE. This product is not standalone and requires the Core to function properly.
- Regularly inspect the BACK PANEL GP FLAP for any signs of wear or damage before each use.
- Keep the product away from extreme temperatures and harsh environments to maintain its integrity.
- Store the product in a dry, cool place when not in use to prevent deterioration.
- Familiarize yourself with the product features and functionalities before use.

Specific Safety Precautions for Use

- Do not overload the pocket beyond its intended capacity of 10" x 6" x 2.5".
- Ensure that the half zippered closure is securely fastened to prevent items from accidentally spilling out.
- Use the Velcro loop inside the pocket to secure any additional accessories.
- Ensure that sensitive items are properly secured using the tie down locations provided.
- Be cautious when accessing the smaller zippered stash pocket to avoid injury from sharp objects.
- Avoid using the product in situations where it may become entangled in machinery or other equipment.

Instructions for Installation and Usage

1. Installation on ASSAULT BACK PANEL CORE:

- Align the BACK PANEL GP FLAP with the ASSAULT BACK PANEL CORE.
- Secure the flap using the dual zipper, ensuring it is fully closed.
- Attach the directional snaps to the designated points on the Core.
- Ensure the hook/loop Velcro field is properly adhered for additional stability.

2. Using the GP Flap:

- Open the half zippered closure to access the main pocket.
- Store items such as medical equipment or rollup flex linear charges inside the pocket.
- Utilize the Velcro loop for attaching compatible accessories.
- Use the smaller zippered stash pocket for organizing smaller items.
- Make sure to secure all items before moving to avoid accidental loss.

Disposal Instructions

- Dispose of the BACK PANEL GP FLAP in accordance with local regulations.
- If the product is damaged beyond repair, consider recycling materials where applicable.
- Do not dispose of the product in regular household waste if it contains materials that can be recycled.

Contact Information for Further Support

For any inquiries regarding the BACK PANEL GP FLAP or safety concerns, please contact your local distributor or visit the manufacturer's website for further assistance.

By following these guidelines, you can ensure the safe and effective use of your BACK PANEL GP FLAP. Always prioritize safety and remain informed about the best practices for using your equipment. Thank you for your attention and commitment to safety.
