

MOLLE TUBES CUMMERBUND - SPIRITUS SYSTEMS MOLLE TUBES CUMMERBUND (SIZE 1) - MULTICAM BLACK

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front O V E R T and rear O V E R T or C O V E R TLV/119 plate bag. The TUBES™ MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The TUBES™ MOLLE Cummerbund is a great option for those who are in and out of their vest frequently and have experienced wear and tear on their Velcro attachment vests. It is also a great option for those who are wearing their equipment in and around water. The TUBES™ MOLLE Cummerbund features the officially licensed First Spear TUBES™ Attachments systems developed by and officially licensed from First Spear. The TUBES™ MOLLE Cummerbund is Berry Amendment Compliant materials sourced from industry leaders in textiles manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Velcro is not utilized as an attachment method on the rear plate bag. Velcro wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Velcro doesn't handle weight well and it sticks to everything, especially cloth seats. Every front plate bag comes standard with sewn loops on the sides for attaching First Spear TUBES™ for use with our TUBES™ cummerbund. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for a wide variety of body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. SOLD AS A SET. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

Safety Instruction Guide for MOLLE TUBES Cumberbund

Introduction

Thank you for choosing the MOLLE TUBES Cumberbund from Spiritus Systems. This product is designed to enhance your tactical load carriage experience while ensuring safety and comfort. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Ensure that the MOLLE TUBES Cumberbund is used only for its intended purpose.
- Regularly inspect the cumberbund for any signs of wear or damage before each use.
- Keep this product out of reach of children and vulnerable individuals to prevent accidents.
- Always follow the sizing guidelines to ensure a proper fit.
- In case of any discomfort or adverse reactions during use, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- **Proper Fit:** Measure your waist accurately at the belly button to select the correct size. Size 1 fits waists from 28" to 42", and Size 2 fits waists from 40" to 54".
- **Load Distribution:** Ensure that the cumberbund is properly adjusted to distribute weight evenly. This helps prevent strain and discomfort during use.
- **Avoid Snags:** Be cautious of external objects that may snag on the cumberbund, especially when exiting vehicles or navigating through tight spaces.
- **Water Use:** If using in wet conditions, ensure that all attachments and accessories are compatible with water exposure to prevent damage.
- **Velcro Caution:** Avoid using Velcro attachments on the rear plate bag, as they may wear out and create safety hazards.

Instructions for Installation and Usage

1. Preparation:

- Ensure you are dressed in the clothing you will wear while using the cumberbund to get an accurate fit.
- Gather all necessary components, including the front and rear plate bags if applicable.

2. Attachment:

- Open the plate bag and locate the internal attachment points for the cumberbund.
- Insert the cumberbund attachment into the designated slots inside the plate bag.
- Adjust the cumberbund to your desired fit using the adjustment loops.

3. Adjustment:

- Pull the cumberbund snugly around your waist, ensuring it is comfortable but secure.
- Check that the cumberbund does not restrict your movement or breathing.

4. Final Check:

- Once adjusted, ensure that all components are securely attached and that there are no loose ends.

or excess material that could cause snagging.

Disposal Instructions

- Dispose of the MOLLE TUBES Cummerbund in accordance with local regulations for textile waste.
- If the product is damaged beyond repair, consider recycling it if possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety concerns, product use, or additional support, please refer to the official Spiritus Systems website or contact your local distributor for assistance.

Please remember to stay informed about product recalls and safety updates. You can check for updates on the EU's Safety Gate platform to ensure that you are using safe products. Thank you for prioritizing safety in your tactical gear choices.
