

# **MOLLE TUBES CUMMERBUND - SPIRITUS SYSTEMS MOLLE TUBES CUMMERBUND (SIZE 1) - MULTICAM TROPIC**

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front O V E R T and rear O V E R T or C O V E R TLV/119 plate bag. The TUBES™ MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The TUBES™ MOLLE Cummerbund is a great option for those who are in and out of their vest frequently and have experienced wear and tear on their Velcro attachment vests. It is also a great option for those who are wearing their equipment in and around water. The TUBES™ MOLLE Cummerbund features the officially licensed First Spear TUBES™ Attachments systems developed by and officially licensed from First Spear. The TUBES™ MOLLE Cummerbund is Berry Amendment Compliant materials sourced from industry leaders in textiles manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Velcro is not utilized as an attachment method on the rear plate bag. Velcro wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Velcro doesn't handle weight well and it sticks to everything, especially cloth seats. Every front plate bag comes standard with sewn loops on the sides for attaching First Spear TUBES™ for use with our TUBES™ cummerbund. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for a wide variety of body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. SOLD AS A SET. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

# MOLLE Tubes Cummerbund Safety Instruction Guide

## Introduction

Thank you for choosing the MOLLE Tubes Cummerbund by Spiritus Systems. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this manual carefully before use to understand the safety precautions, installation instructions, and proper care for your cummerbund.

## General Safety Guidelines

- **Product Safety:** Ensure that the MOLLE Tubes Cummerbund is used only for its intended purpose as a load carriage solution for the LV/119 series of vests.
- **Vulnerable Groups:** This product is not designed for children. Ensure that only adults use this cummerbund.
- **Online Shopping:** Purchase this product from authorized retailers to guarantee safety standards are met.
- **Hazard Reporting:** Report any unsafe products or accidents to the appropriate authorities immediately.
- **Recall Updates:** Stay informed about any recall notices through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Proper Fit:** Ensure that the cummerbund fits properly. Measure your waist at the belly button and choose the appropriate size:
  - Size 1: 28" to 42"
  - Size 2: 40" to 54"
- **Weight Considerations:** Avoid overloading the cummerbund beyond its intended capacity to prevent failure.
- **Water Use:** While suitable for use in wet environments, ensure that the cummerbund is dried properly after exposure to water to prevent mold and degradation.
- **Avoid Snags:** Be cautious when exiting vehicles or moving through tight spaces to avoid snagging the cummerbund on objects.
- **Velcro Limitations:** Do not rely on Velcro for securing the cummerbund, as it may wear out over time and is less effective under stress.

## Instructions for Installation and Usage

### 1. Attachment:

- Locate the sewn loops on the sides of the front plate bag.
- Attach the First Spear TUBES™ to the loops as per the manufacturer's instructions.
- Ensure that the cummerbund is securely attached inside the plate bag.

### 2. Adjustment:

- Adjust the cummerbund for a snug but comfortable fit. Ensure that it does not restrict movement or breathing.
- Use the proprietary adjustment system to modify the fit as necessary.

### 3. Wearing:

- Wear the cummerbund underneath clothing for a smooth profile.
- Ensure that the cummerbund does not shift or become loose during activity.

#### 4. Maintenance:

- Regularly check the cummerbund for signs of wear and tear.
- Clean the cummerbund according to the manufacturer's recommendations to maintain material integrity.

## Disposal Instructions

- Dispose of the MOLLE Tubes Cummerbund in accordance with local regulations.
- If the cummerbund is damaged beyond repair, consider recycling the materials where possible.

## Contact Information for Further Support

For any inquiries or concerns regarding the MOLLE Tubes Cummerbund, please consult the retailer from whom you purchased the product or refer to the manufacturer's website for additional information and support.

**Note:** This product is part of the LV119 Plate Carrier System and does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use.
