

MOLLE TUBES CUMMERBUND - SPIRITUS SYSTEMS MOLLE TUBES CUMMERBUND (SIZE 2) - WOODLAND

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front O V E R T and rear O V E R T or C O V E R TLV/119 plate bag. The TUBES™ MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The TUBES™ MOLLE Cummerbund is a great option for those who are in and out of their vest frequently and have experienced wear and tear on their Velcro attachment vests. It is also a great option for those who are wearing their equipment in and around water. The TUBES™ MOLLE Cummerbund features the officially licensed First Spear TUBES™ Attachments systems developed by and officially licensed from First Spear. The TUBES™ MOLLE Cummerbund is Berry Amendment Compliant materials sourced from industry leaders in textiles manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Velcro is not utilized as an attachment method on the rear plate bag. Velcro wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Velcro doesn't handle weight well and it sticks to everything, especially cloth seats. Every front plate bag comes standard with sewn loops on the sides for attaching First Spear TUBES™ for use with our TUBES™ cummerbund. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for a wide variety of body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. SOLD AS A SET. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

Safety Instruction Guide for MOLLE TUBES Cummerbund (Size 2) Woodland

Introduction

Thank you for choosing the MOLLE TUBES Cummerbund by Spiritus Systems. This product is designed to provide a lightweight and efficient load carriage solution for the LV/119 series of vests. To ensure your safety and the optimal performance of this cummerbund, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure the product is used as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the cummerbund for any signs of wear or damage before each use.
- Avoid using the cummerbund if it shows signs of fraying, tearing, or any other damage.
- Keep the cummerbund away from sharp objects that may cause damage.
- Store the cummerbund in a cool, dry place when not in use to prevent deterioration of materials.
- Ensure that all components are compatible with the MOLLE TUBES system before use.

Specific Safety Precautions for Use

- The cummerbund is designed for use with a front OVERT and rear OVERT or COVER TLV/119 plate bag. Ensure proper compatibility before use.
- When adjusting the cummerbund, make sure it fits securely but does not restrict movement or breathing.
- Be cautious when exiting vehicles or engaging in activities that may cause the cummerbund to snag on objects.
- If operating in extreme environments (e.g., arctic conditions), dress appropriately to ensure accurate measurement and fit.
- Avoid exposing the cummerbund to extreme heat or direct sunlight for extended periods, as this may compromise its integrity.

Instructions for Installation and Usage

1. Sizing:

- Measure your waist at the belly button while dressed as you would when wearing the vest.
- Refer to the sizing chart:
 - Size 1: 28" to 42"
 - Size 2: 40" to 54"
- If your waist measurement is 42", we suggest going up to Size 2.

2. Attachment:

- The cummerbund attaches inside the plate bag. Ensure it is securely fastened.
- Use the sewn loops on the sides of the front plate bag to attach First Spear TUBES™ for use with the cummerbund.

3. Adjustments:

- Adjust the cummerbund for a snug fit without compromising comfort.
- Ensure that the same MOLLE cell can be utilized for products mounted on both the inside and outside of the cummerbund.

4. Usage:

- Wear the cummerbund under clothing for a smooth profile.
- Avoid using Velcro as an attachment method on the rear plate bag, as it may wear out over time.

Disposal Instructions

- Dispose of the cummerbund in accordance with local regulations regarding textile waste.
- If the cummerbund is damaged beyond repair, consider recycling options if available.

Contact Information for Further Support

For any inquiries or concerns regarding the MOLLE TUBES Cummerbund, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure that your MOLLE TUBES Cummerbund is used safely and effectively. Always prioritize your safety and the integrity of the product during use. Thank you for choosing Spiritus Systems.
