

# **MOLLE HOOK & LOOP CUMMERBUND - SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND (SIZE 1) - MULTICAM BLACK**

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The Hook & Loop MOLLE Cummerbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

# MOLLE Hook & Loop Cummerbund Safety Instruction Guide

## Introduction

Thank you for choosing the MOLLE Hook & Loop Cummerbund from Spiritus Systems. This product is designed to enhance your tactical gear by providing a lightweight and versatile load carriage solution. It is important to understand how to use this product safely and effectively. This guide provides essential safety instructions and guidelines to ensure the best user experience.

## General Safety Guidelines

- **Product Safety:** Ensure that the cummerbund is used as intended. This product is designed for use with the LV/119 plate bag system. Always follow the manufacturer's instructions for safe use.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions provided to return or exchange the product.
- **Online Shopping:** When purchasing online, ensure that the retailer meets safety requirements. Check for reviews and product safety information.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable individuals, including children. Ensure that the cummerbund is stored out of reach when not in use.
- **EU Contact Point:** For safety inquiries, please refer to the appropriate EU contact point provided by the manufacturer or retailer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products. Report any concerns regarding safety to the appropriate authorities.

## Specific Safety Precautions for Use

- **Sizing:** Ensure proper sizing before use. Measure your waist at the belly button and select the appropriate size:
  - Size 1: 28" to 42"
  - Size 2: 40" to 54"
- **Attachment Method:** The cummerbund attaches inside the plate bag. Avoid using Hook & Loop as an attachment method on the rear plate bag, as it may wear out and is less optimal for weight distribution.
- **Weight Handling:** Be aware that Hook & Loop does not handle weight well. Avoid overloading the cummerbund to prevent failure during use.
- **Clothing Compatibility:** When measuring for size, dress as you would while wearing the carrier. For instance, wear cold weather gear if you plan to operate in arctic environments.
- **Vehicle Exiting:** Be cautious when exiting vehicles. The cummerbund's internal attachment reduces the risk of snagging or ripping off.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the correct size cummerbund.
- Gather any additional components required for your LV/119 Plate Carrier System.

### 2. Measuring for Fit:

- Measure your waist at the belly button while wearing the clothing you intend to use with the

- cummerbund.
- Choose the cummerbund size based on your waist measurement.

### 3. Attaching the Cummerbund:

- Open the front and rear LV/119 plate bags.
- Insert the cummerbund into the designated attachment area inside the plate bag.
- Adjust the cummerbund to achieve a snug fit. Ensure that it is secure but not overly tight.

### 4. Using the Cummerbund:

- Attach any MOLLE accessories as needed, ensuring they are securely fastened.
- Check the cummerbund periodically during use to ensure it remains secure.

### 5. Removing the Cummerbund:

- To remove, simply detach the cummerbund from the plate bag and store it in a safe place.

## Disposal Instructions

- **Disposal:** When disposing of the cummerbund, follow local regulations for textile disposal. If the product is damaged or no longer needed, consider recycling options if available.
- **Environmental Considerations:** Do not dispose of the cummerbund in regular waste if it contains materials that can harm the environment. Check for recycling programs that accept textile products.

## Contact Information for Further Support

For any questions or concerns regarding the MOLLE Hook & Loop Cummerbund, please refer to the contact information provided by the retailer or manufacturer. Ensure you have your purchase details ready for efficient support.

By adhering to these safety guidelines and instructions, you can ensure the safe and effective use of your MOLLE Hook & Loop Cummerbund. Thank you for your attention to safety and for choosing Spiritus Systems.
