

MOLLE HOOK & LOOP CUMMERBUND - SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND (SIZE 1) - WOODLAND

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The Hook & Loop MOLLE Cummerbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

Safety Instruction Guide for MOLLE Hook & Loop Cummerbund (Size 1) Woodland

Introduction

Thank you for choosing the MOLLE Hook & Loop Cummerbund by Spiritus Systems. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure your safe and effective use of this product. Please read this document carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the cummerbund as it is designed for load carriage on the LV/119 series of vests. Always follow the instructions provided.
- **Enhanced Recalls:** Stay informed about product recalls. In case of safety issues, standardized recall notices will be issued.
- **Online Shopping:** If purchased online, ensure that the retailer meets all safety requirements.
- **Special Consumer Focus:** This product is not intended for children. Ensure that it is used only by individuals who can safely operate tactical gear.
- **EU Contact Point:** For any safety inquiries, refer to the EU-based contact provided by the retailer.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Proper Fit:** Measure your waist at the belly button to ensure the correct size. Size 1 fits waists from 28" to 42". Size 2 fits from 40" to 54". If your waist measurement is at the upper limit of Size 1, consider upgrading to Size 2.
- **Avoid Unintended Adjustments:** Ensure the cummerbund is securely attached to prevent it from shifting during use. The attachment system is designed to minimize external snagging.
- **Weight Limitations:** Be aware that Hook & Loop may not handle excessive weight well. Avoid overloading the cummerbund.
- **Environmental Considerations:** If operating in extreme conditions (e.g., cold weather), wear appropriate clothing when measuring for size and while using the cummerbund.
- **Maintenance:** Regularly inspect the cummerbund for wear and tear, especially the Hook & Loop areas, to ensure continued safety and functionality.

Instructions for Installation and Usage

1. Installation:

- Open the plate bag of your LV/119 vest.
- Insert the cummerbund attachment inside the plate bag.
- Adjust the cummerbund to your desired fit, ensuring that it is secure and comfortable.
- Ensure that the cummerbund does not interfere with the use of other MOLLE accessories mounted on the vest.

2. Usage:

- Wear the cummerbund underneath clothing for a smooth profile.
- Be cautious when exiting vehicles to avoid snagging the cummerbund on external surfaces.
- If using the cummerbund with other accessories, ensure that they are compatible and securely attached.

Disposal Instructions

- Dispose of the cummerbund in accordance with local regulations. Check for textile recycling options in your area.
- Do not dispose of the cummerbund in regular household waste if it contains any hazardous materials or components.

Contact Information for Further Support

For any questions or concerns regarding the MOLLE Hook & Loop Cummerbund, please refer to the contact information provided by your retailer or manufacturer.

Thank you for choosing Spiritus Systems. Your safety and satisfaction are our top priorities.
