

# MOLLE HOOK & LOOP CUMMERBUND (SIZE 2) - MULTICAM ARID

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The Hook & Loop MOLLE Cummerbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

## Attributes

- Name: [MOLLE HOOK & LOOP CUMMERBUND \(SIZE 2\) - MULTICAM ARID](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430101955

# MOLLE Hook & Loop Cummerbund Safety Instruction Guide

## Introduction

Thank you for choosing the MOLLE Hook & Loop Cummerbund (Size 2) Multicam Arid. This product is designed to provide a lightweight and versatile load carriage solution for the LV/119 series of vests. Please read this safety instruction guide carefully to ensure safe and effective use of the cummerbund.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including this cummerbund.
- Be aware of risks not covered by other EU laws.
- Check for standardized recall notices and remedies for dangerous products.
- Online purchases of this product have the same safety protections as physical store purchases.
- Extra safeguards are in place for vulnerable groups, including children.
- Report any unsafe products or accidents to authorities.
- Stay updated on recall information via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Proper Fitment:** Measure your waist at the belly button while wearing clothing similar to what you would wear during use.
  - Size 1: 28" to 42"
  - Size 2: 40" to 54"
- **Avoid Hook & Loop for Rear Attachment:** The Hook & Loop is not recommended for use as an attachment method on the rear plate bag due to wear over time.
- **Snagging Hazards:** The cummerbund attaches inside the plate bag to prevent snagging or ripping off during rapid movements, such as exiting vehicles.
- **Weight Management:** Be cautious with weight distribution; Hook & Loop may not handle heavy loads effectively and can stick to cloth seats.
- **Environmental Considerations:** When using in extreme conditions (e.g., cold weather), dress appropriately to ensure accurate waist measurements.

## Instructions for Installation and Usage

1. **Attachment:**
  - Locate the designated attachment points inside the LV/119 plate bag.
  - Ensure the cummerbund is securely attached to prevent movement during use.
2. **Adjustment:**
  - Adjust the cummerbund to fit snugly around your waist, allowing for up to 14 inches of total adjustment.
  - Ensure that the cummerbund is not too tight to allow for comfortable movement.
3. **Usage:**
  - The cummerbund is designed for simultaneous use of MOLLE cells for accessories mounted inside and outside.
  - Regularly check the attachment and fitment of the cummerbund before use, especially if worn during active operations.
4. **Care:**
  - Clean the cummerbund according to manufacturer guidelines to maintain its integrity and performance.
  - Inspect for wear and tear regularly, replacing it if any damage is noted.

## **Disposal Instructions**

- Dispose of the MOLLE Hook & Loop Cummerbund in accordance with local regulations.
- Recycle materials if possible, especially if they are made from synthetic textiles.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the MOLLE Hook & Loop Cummerbund, please refer to the manufacturer's contact details provided with your product documentation.

Thank you for following these safety instructions. Proper use and maintenance of your MOLLE Hook & Loop Cummerbund will enhance your experience and safety while using the LV/119 series of vests.
