

MUZZLOK 8.6 BLACKOUT 3 PORT MUZZLE BRAKE - FAXON FIREARMS MUZZLOK 8.6 BLACKOUT 3-PORT MUZZLE BRAKE M18X1.5 THREADS BLK

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

The Faxon-Invented "MuzzLok" feature on this device allows for easy timing and installation of your device without the need for a crush washer or shims. By using the extension nut to adjust the length of the device, you can adjust the rotational timing. It is recommended that you tighten the device to the recommended torque specification of 20-25 foot pounds. By not having to overcome the resistance of the crush washer, this allows devices to be removed and reinstalled in the field if desired. No crush washer needed. Attach and remove in the field. Time your muzzle device quickly and easily.

MUZZLOK 8.6 BLACKOUT 3 PORT MUZZLE BRAKE

Safety Instruction Guide

Introduction

Thank you for purchasing the MUZZLOK 8.6 BLACKOUT 3 PORT MUZZLE BRAKE by Faxon Firearms. This guide provides essential safety instructions for the proper use, installation, and maintenance of your muzzle brake. It is designed to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that all users are familiar with the safe handling and operation of firearms.
- Always wear appropriate eye and ear protection when using firearms equipped with muzzle brakes.
- Inspect the muzzle brake before each use for any signs of damage or wear.
- Never attempt to modify the muzzle brake or use it in a manner not specified in this guide.
- Store the muzzle brake in a secure location away from children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Muzzle brakes can redirect gases and may cause increased noise.
- Improper installation may lead to firearm malfunction or injury.

- **Instructions to Avoid Hazards:**

- Ensure the firearm is unloaded before installation or removal of the muzzle brake.
- Use the recommended torque specification of 2025 foot pounds during installation.
- Do not exceed the specified torque, as this may damage the muzzle brake or firearm.
- Avoid placing your hands or face near the muzzle when firing.
- Ensure that the area is clear of bystanders when firing.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals aged 18 and older.
- Ensure that younger users are supervised by a responsible adult familiar with firearm safety.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the existing muzzle device, if applicable.
- Thread the MUZZLOK 8.6 BLACKOUT onto the muzzle of the firearm, aligning the threads carefully.
- Use the extension nut to adjust the length and rotational timing as needed.
- Tighten the muzzle brake to the recommended torque specification of 2025 foot pounds using a torque wrench.

2. Usage:

- Always check the firearm's chamber to ensure it is clear before firing.
- When ready to fire, ensure the muzzle brake is securely attached.

- Fire the firearm in a safe and controlled environment, following all standard firearm safety practices.

3. Removal:

- Ensure the firearm is unloaded.
- Loosen the muzzle brake using a torque wrench.
- Carefully remove the muzzle brake from the firearm.

Disposal Instructions

- Dispose of the MUZZLOK 8.6 BLACKOUT 3 PORT MUZZLE BRAKE in accordance with local regulations for metal products.
- Do not dispose of the muzzle brake in regular household waste.
- Consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding the safety or use of the MUZZLOK 8.6 BLACKOUT 3 PORT MUZZLE BRAKE, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for following these safety instructions. Your safety and the safety of others is paramount. Always prioritize safe handling practices when using firearms and accessories.
