

GAS CONTROLS ADJUSTABLE GAS BLOCK - RIFLESPEED GAS CONTROL 1.9" MODEL RS6219 0.625" DIAMETER

[Rifle Parts](#) > [Gas System Parts](#) > [Gas Blocks](#)

The revolutionary RIFLESPEED™ Gas Control System (US Patent #US20200116446A1, additional patents issued and pending) makes controlling your rifle's gas flow reliable, repeatable, and foolproof. Need more gas? Turn it up. Need less gas? Turn it down. With the easy-to-grasp Control Knob, it's that simple and no tools are required. The highly visible numbering on the Control Knob ensures that you'll always know your setting. Return to a previous setting instantly by simply turning the Control Knob. Each setting is indicated by a highly tactile ""click"" for use during times of reduced visibility. Two separate rotation ranges with numbered settings 1-12 and multiple Plunger sizes cover the adjustment requirements for every available cartridge. The patented Rotation Stop feature prevents unintentional disassembly. Uses RIFLESPEED straight gas tubes Designed for the most rigorous Military or LE Duty Use, RIFLESPEED Gas Controls are also ideal for defensive use, competition, recreational shooting, or hunting. RIFLESPEED Gas Controls are durable and proven to perform through tens of thousands of rounds of ammunition spent in developmental and destructive testing. Gas Controls from RIFLESPEED are the ultimate solution to the problems of operating hard-use carbines in varying conditions, configurations, and environments. With complete control of the gas that's delivered to the action of your rifle with each shot you'll enjoy increased reliability, reduced recoil, reduced muzzle rise, less aiming disruption, less wear and tear on your rifle, and improved accuracy. Set your RIFLESPEED Gas Control for ideal performance with light commercial ammo or higher-pressure milspec ammo. Dial your gas system in for ideal performance in extreme heat or frigid cold conditions. Enjoy optimal performance with or without a suppressor. With a properly adjusted gas system you can eliminate the need to use exceedingly heavy buffers. Once you experience the advantages of using a RIFLESPEED Gas Control, you'll never want to shoot anything else.

Attributes

- Name: [RIFLESPEED GAS CONTROL 1.9" MODEL RS6219 0.625" DIAMETER](#)
- Manufacturer: [RIFLESPEED](#)
- Product no.: 430102504
- Mfr. No.: US0123
- Inside Diameter: .625
- Material: Steel
- Style: Screw
- Weapon type: AR-15
- Delivery weight: 0.227kg
- Shipping height: 43mm
- Shipping width: 89mm
- Shipping length: 178mm

Safety Instruction Guide for RIFLESPEED Gas Control System

Introduction

Thank you for choosing the RIFLESPEED Adjustable Gas Block. This product is designed to enhance the performance of your AR15 rifle by allowing precise control over gas flow. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Follow all local, state, and federal laws regarding firearm use and ownership.
- Ensure that you are familiar with the operation of your rifle and the RIFLESPEED Gas Control System before use.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the gas control system for any signs of damage or wear.
- Use only compatible ammunition as specified in the product description.
- Report any unsafe product experiences or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper adjustment of the gas control may lead to malfunctions or increased recoil.
- Failure to follow installation instructions may result in damage to the gas system or rifle.
- Use of incorrect ammunition may cause performance issues or damage.

- **Avoiding Hazards:**

- Ensure the gas control is set to the appropriate level for the type of ammunition being used.
- Regularly check the adjustment settings and make changes as needed based on environmental conditions.
- Always use the Control Knob with care to avoid accidental adjustments during use.

- **Age and Audience Specific Warnings:**

- This product is intended for use by adults and should not be operated by individuals under the age of 18 without supervision.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:**

- Ensure your rifle is unloaded and pointed in a safe direction.
- Gather necessary tools, including a wrench for installation.

2. **Remove Existing Gas Block:**

- Carefully detach the current gas block from your rifle, following the manufacturer's instructions.

3. **Install RIFLESPEED Gas Block:**

- Align the RIFLESPEED Gas Block with the gas tube and the barrel.
- Secure the gas block using the provided screws, ensuring it is tightly fitted.

4. **Adjust Control Knob:**

- Turn the Control Knob to set the desired gas flow. Use the numbered settings as a guide.
- Ensure the Rotation Stop feature is engaged to prevent unintentional disassembly.

Usage Instructions

- To **increase gas flow**, turn the Control Knob clockwise.
- To **decrease gas flow**, turn the Control Knob counterclockwise.
- Always check the setting before firing to ensure optimal performance.
- If you experience any malfunctions or excessive recoil, adjust the gas control accordingly.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding hazardous materials.
- Do not dispose of the product in regular household waste.
- For further guidance on disposal, consult your local waste management authority.

Contact Information for Further Support

For any inquiries regarding the RIFLESPEED Gas Control System or to report safety concerns, please consult the manufacturer's website or contact your local distributor. Always ensure you have the latest information regarding your product.

By following these instructions and guidelines, you can ensure safe and effective use of your RIFLESPEED Adjustable Gas Block. Thank you for your attention to safety. Enjoy your shooting experience!
