

BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 300 PRC BENCH REST SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [FORSTER PRODUCTS, INC. 300 PRC BENCH REST SEATING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102668
- Mfr. No.: 6207

Safety Instruction Guide for BENCH REST® SEATER DIES

Introduction

Thank you for choosing the BENCH REST® SEATER DIES by Forster Products, Inc. This guide provides important safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with basic reloading safety practices before using this product.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the workspace clean and organized to prevent accidents.
- Store all reloading components, including dies, in a safe location, away from children and unauthorized users.
- Regularly inspect the dies for any signs of wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Do not use the BENCH REST® SEATER DIES for any purpose other than intended.
- Ensure that the die is properly installed in the reloading press before use.
- Always check the compatibility of the die with the cartridge you are using (300 PRC).
- Avoid overtightening the die, as this may damage the threads or affect performance.
- Do not attempt to modify or repair the die. Contact the manufacturer for assistance with any issues.
- Be cautious when handling components, as sharp edges may be present.
- Never point the reloading press or die at yourself or others when in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is securely mounted to a stable work surface.
- Remove any previous dies from the press.
- Install the BENCH REST® SEATER DIE by threading it into the press until it is snug. Do not overtighten.
- Attach the Forster Cross Bolt Die Locking Ring to secure the die in place.
- Adjust the seating stem to the desired depth for your bullet.

2. Usage:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Insert the case into the die chamber, ensuring it is seated correctly.
- Place the bullet on top of the case.
- Pull the handle of the reloading press smoothly to seat the bullet into the case.
- Check the alignment and seating depth of the bullet after each round.
- Repeat the process for additional rounds, ensuring consistent quality.

Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not throw dies in regular trash; check for local recycling programs that accept metal components.
- Ensure that all reloading components are disposed of safely, particularly hazardous materials.

Contact Information for Further Support

For any safety inquiries or support regarding the BENCH REST® SEATER DIES, please reach out to the manufacturer or your local distributor. Always keep the product packaging and documentation for reference.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the BENCH REST® SEATER DIES. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
