

# BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 280 ACKLEY IMPROVED BENCH REST SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 280 ACKLEY IMPROVED BENCH REST SEATING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102669
- Mfr. No.: 6172

# Safety Instruction Guide for BENCH REST® SEATER DIES

## Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies for your reloading needs. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of your product. Please read this document carefully before using the product.

## General Safety Guidelines

- Always read and follow all instructions provided in this guide.
- Ensure that the workspace is clean, dry, and welllit before beginning any reloading activities.
- Keep all reloading components and tools out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Regularly inspect your reloading dies for any signs of damage or wear before use.
- Do not use the reloading dies for any purpose other than intended.

## Specific Safety Precautions for Use

- Be aware of the specific cartridge type you are using (e.g., 280 Ackley Improved) and ensure compatibility with the die.
- Always doublecheck that the die is securely locked in place before beginning the reloading process.
- Avoid using excessive force when seating bullets to prevent damage to the die or the bullet.
- Never leave the reloading process unattended. Always stay focused and alert.
- In case of any malfunction or abnormal operation, stop using the product immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Ensure that your reloading press is clean and properly set up.
- Insert the Forster Bench Rest Seater Die into the press and tighten securely using the Forster Cross Bolt Die Locking Ring.
- Adjust the die to the desired seating depth as per your reloading specifications.

### 2. Using the Die:

- Prepare your brass cases by cleaning and resizing them as needed.
- Insert a brass case into the die chamber, ensuring it is seated properly.
- Place a bullet on top of the case and align it with the seating stem.
- Pull the press handle smoothly to seat the bullet into the case neck. Avoid jerking or sudden movements.
- Inspect the completed round for proper seating and alignment.

### 3. PostUsage:

- After use, clean the die with a soft cloth to remove any residue.
- Store the die in a dry place, away from moisture and extreme temperatures.

## Disposal Instructions

- Dispose of any spent cartridges, primers, or other reloading materials in accordance with local regulations.
- Do not dispose of reloading dies or components in regular household waste. Check for recycling options or contact local authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or assistance, please refer to the manufacturer's official website or customer support resources.

This guide is intended to provide a comprehensive overview of safety practices associated with the use of Forster Bench Rest® Seater Dies. Following these instructions will help ensure a safe and effective reloading experience. Always prioritize safety and consult with professionals if you have any questions or concerns.
