

BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 22 CREEDMOOR BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [FORSTER PRODUCTS, INC. 22 CREEDMOOR BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

Safety Instruction Guide for BENCH REST® SEATER DIES

Introduction

Thank you for choosing the BENCH REST® SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions and usage guidelines to ensure your safe and effective reloading experience. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure that you are using the product in a wellventilated area.
- Keep the workspace clean and organized to prevent accidents.
- Store all reloading components and tools out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that no one is in close proximity while reloading.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading materials.

Specific Safety Precautions for Use

- Inspect the dies before use for any signs of damage or wear. Do not use damaged equipment.
- Ensure that the die is properly secured in the reloading press before starting the reloading process.
- Confirm that you are using the correct caliber and type of components for the BENCH REST® SEATER DIES.
- Avoid overtightening the die, as this may cause damage or affect its performance.
- Follow the manufacturer's guidelines for the recommended seating depth and pressure settings.
- Never exceed the maximum load specifications for the cartridges you are reloading.
- If you experience any unusual noises or resistance during the reloading process, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Installation:

- Remove the BENCH REST® SEATER DIE from its packaging.
- Clean the die with a soft cloth to remove any protective oils or debris.
- Secure the die into the reloading press by following the manufacturer's instructions, ensuring it is tightly fastened.

2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert the case into the die and ensure it is properly aligned.
- Place the bullet on top of the case neck, making sure it is centered.
- Slowly raise the press handle to seat the bullet into the case. Monitor the process to ensure that the bullet is seated straight.
- Once the bullet is seated, lower the press handle and remove the completed round.
- Repeat the process for each round you wish to reload.

Disposal Instructions

- Dispose of any used reloading components, such as spent primers and brass cases, in accordance with local regulations.
- Do not dispose of hazardous materials, such as gunpowder or primers, in regular trash. Follow local guidelines for hazardous waste disposal.
- Ensure that all packaging materials are recycled or disposed of properly.

Contact Information for Further Support

For any safety inquiries or support regarding the BENCH REST® SEATER DIES, please contact your local distributor or visit the manufacturer's website for assistance.

By following these safety instructions, you can ensure a safe and effective reloading process. Always stay informed about best practices and safety measures to protect yourself and others while using reloading equipment.
