

BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 6MM ARC BENCH REST SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [FORSTER PRODUCTS, INC. 6MM ARC BENCH REST SEATING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102671

Safety Instruction Guide for BENCH REST® SEATER DIES

Introduction

Thank you for choosing the BENCH REST® SEATER DIES by Forster Products, Inc. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading dies. Please read this document thoroughly before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified by the manufacturer.
- Always wear appropriate safety gear, including eye protection and gloves, when handling reloading equipment.
- Keep the reloading area clean and organized to prevent accidents and injuries.
- Store reloading dies and all related materials in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the equipment for any signs of wear or damage before use.
- Be aware of the legal requirements and regulations concerning ammunition reloading in your country or region.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury from improper handling of reloading dies.
 - Risk of ammunition malfunction if not used correctly.
- **Instructions for Avoiding Hazards:**
 - Always handle dies with care; do not force components together.
 - Ensure that the die is properly installed in the reloading press before use.
 - Do not exceed recommended load specifications as indicated in the die's instructions.
 - Keep hands and body clear of the reloading press during operation.
 - Avoid distractions while reloading to maintain focus and safety.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the reloading press is securely mounted and stable.
 2. Select the appropriate Forster Bench Rest Seater Die for your cartridge (6 mm ARC).
 3. Insert the die into the press and tighten securely using the Forster Cross Bolt Die Locking Ring.
 4. Adjust the seating depth according to your reloading specifications.
- **Usage:**
 1. Prepare your cases by cleaning and resizing them as needed.
 2. Insert the case into the die and ensure it is seated correctly.
 3. Place the bullet on top of the case neck.
 4. Pull the press handle to seat the bullet into the case.
 5. Inspect the completed round for proper seating and alignment.
 6. Store completed ammunition in a safe and secure manner.

Disposal Instructions

- Dispose of any damaged or worn reloading dies and components in accordance with local regulations.
- Do not dispose of reloaded ammunition in regular trash. Follow local laws for the disposal of ammunition.
- Ensure that all packaging materials are recycled or disposed of properly.

Contact Information for Further Support

For safety inquiries or further assistance, please refer to the contact information provided by the manufacturer on the product packaging or their official website.

Thank you for prioritizing safety in your reloading activities. By following these guidelines, you can ensure a safe and enjoyable reloading experience with your BENCH REST® SEATER DIES.
