

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

280 ACKLEY IMPROVED MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 280 ACKLEY IMPROVED MICROMETER SEATER DIE](#)

ULTRA™ Micrometer Seater Dies Safety Instructions

Introduction

Thank you for choosing the ULTRA™ Micrometer Seater Dies by Forster Products, Inc. This product is designed for precision reloading and aims to enhance your shooting experience. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle the die with care to avoid injury.
- Keep the die and all reloading equipment out of reach of children and unauthorized users.
- Use the die only for its intended purpose: bullet seating in the reloading process.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment.
- In case of an accident or injury, seek immediate medical assistance.

Specific Safety Precautions for Use

- Ensure that the work area is welllit and free from distractions.
- Always wear appropriate safety gear, including safety glasses, to protect your eyes.
- Use a stable work surface to prevent the die from slipping during operation.
- Avoid wearing loose clothing or jewelry that could become entangled in the equipment.
- Do not exceed the recommended seating depth adjustments to prevent potential hazards.
- Keep your fingers clear of the die's moving parts during operation.
- When adjusting the micrometer, do so slowly and carefully to avoid sudden movements.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Remove the existing die from the press, if applicable.
- Carefully screw the ULTRA™ Micrometer Seater Die into the press until it is snug. Do not overtighten.
- Install the Forster Cross Bolt Die Locking Ring by tightening both ends of the split ring to secure the die in place.

2. Usage

- Set the micrometer adjustment to your desired bullet seating depth. Adjust in increments of .0005 inch to .001 inch as needed.
- Insert the bullet into the die and ensure it is properly seated.
- Operate the reloading press to seat the bullet fully.
- After use, clean the die to remove any residue or debris.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, check with local recycling programs for proper disposal methods.
- Ensure that any packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any safety inquiries or additional support regarding the ULTRA™ Micrometer Seater Dies, please refer to the contact information provided on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your ULTRA™ Micrometer Seater Dies. Always prioritize safety and take the necessary precautions to protect yourself and others while using this product.
