

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC. 22 CREEDMOOR MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 22 CREEDMOOR MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102677
- Mfr. No.: U00012
- Cartridge: 22 Creedmoor
- Diameter (in): 0.875
- Die Style: Bullet Seating Die
- Delivery weight: 0.283kg

ULTRA™ MICROMETER SEATER DIES SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading die. Please read this document carefully before using the product to understand the potential hazards and how to mitigate them.

General Safety Guidelines

- Always follow the manufacturer's instructions when using the ULTRA™ MICROMETER SEATER DIES.
- Ensure that you are familiar with the reloading process and safety practices before beginning.
- Store all reloading equipment out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Regularly inspect your reloading equipment for any signs of wear or damage.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The product may pose risks such as cuts from sharp edges, injury from improper handling, and exposure to lead and other materials during the reloading process.
- **Avoiding Hazards:**
 - Always handle the dies with care to avoid cuts or injuries.
 - Ensure that the work area is wellventilated to minimize exposure to fumes.
 - Keep the dies clean and free of debris to prevent malfunctions.
 - Do not exceed the recommended bullet seating depth adjustments to avoid damaging the die or ammunition.
- **Age Specific Warnings:**
 - This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**

1. Ensure your reloading press is securely mounted and stable.
2. Carefully remove the ULTRA™ MICROMETER SEATER DIE from its packaging.
3. Install the die into the reloading press according to the manufacturer's instructions, ensuring it is tightened securely.
4. Attach the Forster Cross Bolt Die Locking Ring to prevent any movement during use.

- **Usage:**

1. Set the micrometer adjustment to your desired bullet seating depth.
2. Place a cartridge case in the press and ensure it is properly aligned.
3. Insert the bullet into the case mouth and raise the ram to seat the bullet.
4. Lower the ram and inspect the cartridge to ensure proper seating.
5. Repeat the process for additional cartridges, adjusting the micrometer as needed for different bullet types.

Disposal Instructions

- Dispose of any unused or expired reloading materials according to local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the ULTRA™ MICROMETER SEATER DIES, please refer to the manufacturer's contact information provided with the product packaging. Ensure that you have the product details ready for reference.

By following these safety instructions, you can enjoy safe and effective reloading with the ULTRA™ MICROMETER SEATER DIES. Thank you for your attention to safety and responsible reloading practices.
