

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC. 6MM ARC MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6MM ARC MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 430102678
- Mfr. No.: U00041
- Cartridge: 6 mm ARC
- Diameter (in): 0.875
- Die Style: Bullet Seating Die
- Delivery weight: 0.283kg
- Shipping height: 48mm
- Shipping width: 48mm
- Shipping length: 171mm
- UPC: 757253990939

# ULTRA™ MICROMETER SEATER DIES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of your reloading dies. Please read this guide carefully before use to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Always handle reloading dies with care to prevent injury.
- Ensure you are familiar with the operation of your reloading equipment.
- Keep reloading dies out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Regularly inspect your reloading equipment for wear or damage.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Ensure that the die is properly installed and secured before use.
- Do not exceed the recommended bullet seating depth adjustments.
- Always check the specifications of the bullet you are using to ensure compatibility.
- Use only the recommended cartridges for this die (6 mm ARC).
- Avoid distractions while reloading to maintain focus and precision.
- In case of malfunction or abnormal operation, cease use immediately and consult the manufacturer.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your reloading press is clean and free from debris.
- Insert the ULTRA™ MICROMETER SEATER DIE into the press according to the manufacturer's instructions.
- Secure the die using the Forster Cross Bolt Die Locking Ring, ensuring it is tightened properly to prevent movement during use.

### 2. Usage

- Set your micrometer adjustment to the desired bullet seating depth. Adjust in increments of .0005 inch to .001 inch for precision.
- Place the cartridge case in the press and ensure it is properly aligned with the die.
- Gently lower the press handle to seat the bullet into the cartridge case. Avoid excessive force.
- After seating, check the bullet depth using a caliper for accuracy.
- Store the die in a safe and dry location when not in use.

## Disposal Instructions

- Dispose of any damaged or worn reloading dies according to local regulations.
- Do not throw away in regular household waste; check for local recycling or hazardous waste disposal options.
- Ensure that all components are disposed of safely to prevent environmental harm.

## Contact Information for Further Support

For any inquiries regarding safety or product performance, please contact the manufacturer directly through their official communication channels.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your ULTRA™ MICROMETER SEATER DIES. Always prioritize safety and stay informed about the proper use of your reloading equipment.
