

# FREEDOM RINGS II - SWAMPFOX OPTICS FREEDOM RINGS II 30MM (1.1") 0 MOA BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Swampfox Freedom Rings II cut the fat off our original Freedom Rings for a lighter, more efficient mounting solution without cutting durability. Freedom Rings II are milled from 7075-T6 aluminum and feature a scratch resistant hardcoat finish. This grade of aluminum and finish match with AR-15 receivers, so we reckon it's good enough to be our standard for Freedom Rings II. These rings don't need to be lapped and come with a thin no-slip material pre-installed to help your optic stay level while torquing your ring caps. Never sacrifice strength, weight, or appearance when you can have it all with our one-and-done second-gen scope rings.

## Attributes

- Name: [SWAMPFOX OPTICS FREEDOM RINGS II 30MM \(1.1"\) 0 MOA BLACK](#)
- Manufacturer: [SWAMPFOX OPTICS](#)
- Product no.: 430102719
- Mfr. No.: MRF30S2
- Finish: Black
- Material: Aircraft Aluminum
- Scope Tube Diameter: 30mm
- Delivery weight: 0.222kg
- Shipping height: 75mm
- Shipping width: 59mm
- Shipping length: 85mm
- UPC: 889157002255

# Safety Instruction Guide for FREEDOM RINGS II SWAMPFOX OPTICS FREEDOM RINGS II 30MM (1.1") 0 MOA BLACK

## Introduction

Thank you for choosing the FREEDOM RINGS II by Swampfox Optics. This guide provides essential safety instructions and information to ensure the safe and effective use of your scope rings. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Always check the product for any visible damage before use. Do not use if damaged.
- Ensure that the product is suitable for your specific scope and firearm.
- Follow all local laws and regulations regarding the use of firearm accessories.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Avoid using the rings in extreme weather conditions that may affect their performance.
- Do not exceed the recommended torque specifications when installing the rings to prevent damage.
- Ensure that the optic is securely mounted before use to avoid accidents.
- Regularly inspect the rings for wear and tear, especially after heavy use.
- If you notice any signs of damage or excessive wear, discontinue use immediately.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the installation area is clean and free from debris.

### 2. Installation Steps

- Place the scope rings on the mounting rail of your firearm.
- Position the rings so that they align with the scope tube.
- Insert the screws into the rings and handtighten them initially.
- Use a torque wrench to tighten the screws to the manufacturer's recommended torque settings. Do not overtighten.

### 3. PostInstallation Check

- Confirm that the scope is level and securely mounted.
- Check that the noslip material is properly positioned to maintain alignment.

### 4. Usage Tips

- Always check the tightness of the rings and scope before each use.
- Avoid excessive force when adjusting the scope to prevent damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for aluminum and other materials.
- Do not dispose of the product in regular household waste.
- If unsure, contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of your FREEDOM RINGS II, please refer to the manufacturer's contact information provided with your product packaging.

This guide is designed to help you use your FREEDOM RINGS II safely and effectively. Following these instructions will ensure a positive experience with your product. Thank you for your attention to these safety guidelines.
