

ATLAS S-ONE M-LOK FREE FLOATING HANDGUARD FOR AR-15 - AERO PRECISION ATLAS S-ONE 7.3" HANDGRD M-LOK FREE FLOAT FOR AR-15 ODG CERA

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

ATLAS SONE MLOK Free Floating Handguard

Safety Instructions

Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This product is designed to enhance your firearm's performance while ensuring safety and reliability. Please read this safety instruction guide thoroughly to understand how to use, install, and dispose of the product properly.

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model.
- Always handle firearms with care and follow all safety protocols.
- Store the handguard in a dry, cool place when not in use.
- Regularly inspect the handguard for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's specified weight limit for attachments.
- Ensure that the handguard is properly installed before use.
- Avoid using the handguard with incompatible upper receivers, as this may lead to safety hazards.
- Do not modify the handguard in any way that could compromise its integrity.
- Always wear appropriate safety gear when handling firearms.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare Tools:** Gather all necessary tools, including a torque wrench and the included mounting hardware.
2. **Remove Existing Handguard:** If applicable, safely remove the existing handguard from your AR15.
3. **Install Barrel Nut:** Attach the customengineered barrel nut using the provided hardware. Ensure it is tightened according to the manufacturer's specifications.
4. **Attach Handguard:** Align the ATLAS SONE handguard with the barrel nut and secure it in place using the tapered locking nuts.
5. **Check Alignment:** Ensure that the handguard is properly aligned with the upper receiver and that there is no interference with the gas block.
6. **Final Tightening:** Use the turnbuckle screw to ensure even clamping pressure across the barrel nut.
7. **Inspect Installation:** Doublecheck all components for tightness and alignment before use.

Usage Instructions

- Ensure the firearm is unloaded before handling or adjusting the handguard.
- Familiarize yourself with the locations of the quick disconnect sling sockets.
- Use the indexing grooves for a secure grip when handling the firearm.
- Follow all standard firearm safety practices while using the handguard.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding metal waste.
- Do not incinerate or expose the handguard to extreme heat, as this may release harmful substances.

- Recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the ATLAS SONE MLOK Free Floating Handguard, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ATLAS SONE MLOK Free Floating Handguard. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
