# MK 12 MOD H GEN III DIY Kit Safety Instruction Guide

## Introduction

Thank you for choosing the MK 12 MOD H GEN III DIY Kit with PRI Rear Sight Recce Rail in Flat Dark Earth. This kit is designed for doityourself builds, providing you with all the components needed to construct your Mark 12 Mod H rifle. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that all components are installed correctly before use.
- Always handle firearms with care and follow standard safety practices.
- Keep the kit and all its components out of reach of children.
- Regularly inspect your rifle and its components for wear and damage.
- Be aware of your surroundings and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when handling firearms.
- Ensure the firearm is unloaded before starting any installation or maintenance work.
- Follow the manufacturer's guidelines for the installation of each component.
- Do not modify any components beyond the specifications provided in this kit.
- Be aware of the potential hazards associated with the use of firearms, including noise and recoil.
- Ensure that you are familiar with the local laws and regulations regarding firearm use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all components from the kit, including the PRI Gen III rifle length Black forearm, Gen III Recce rail, flipup front and rear sights, Gas Buster charging handle, military Big Latch, AE brake, and collar.
- Ensure you have the necessary tools for installation, such as screwdrivers and wrenches.

### 2. Installation Steps:

#### ◦ Forearm Installation:

- Remove the existing forearm from your rifle, if applicable.
- Attach the PRI Gen III rifle length Black forearm according to the provided instructions.
- Ensure all screws are tightened securely.

#### ◦ Rail Installation:

- Attach the Gen III Recce rail to the forearm, ensuring it is aligned correctly.
- Secure the rail with the provided screws, checking for stability.

#### ◦ Sights Installation:

- Mount the PRI Rail mounted flipup front sight and rear sight onto the rail.
- Adjust the sights for proper alignment and secure them in place.

- **Charging Handle Installation:**

- Remove the existing charging handle from your rifle.
- Install the Gas Buster charging handle with military Big Latch according to the instructions.
- Ensure it operates smoothly without obstruction.

- **Brake and Collar Installation:**

- Attach the AE brake and collar to the muzzle of your rifle.
- Tighten securely to prevent loosening during use.

### 3. Usage Guidelines:

- After installation, perform a thorough check of all components before using the rifle.
- Always follow safe firearm handling practices during operation.
- Regularly clean and maintain your rifle to ensure optimal performance.

## Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If any components become damaged or unusable, dispose of them in accordance with local regulations for hazardous materials.

## Contact Information for Further Support

For any inquiries or concerns regarding the MK 12 MOD H GEN III DIY Kit, please reach out to the designated EU contact point provided with your product documentation.

## Conclusion

Your safety is paramount when using the MK 12 MOD H GEN III DIY Kit. By adhering to the guidelines and instructions provided in this manual, you can ensure a safe and enjoyable experience while building and using your firearm. Always stay informed about safety practices and regulations to promote responsible firearm ownership.
