# Safety Instruction Guide for the Apex FlatFaced Action Enhancement Kit

## Introduction

Thank you for choosing the Apex FlatFaced Action Enhancement Kit for your Smith & Wesson SDVE and SD model pistols. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document thoroughly before installation and use.

## General Safety Guidelines

- Ensure the product is compatible with your firearm model (SD9, SD40, SD9VE, and SD40VE).
- Always follow the manufacturer's instructions during installation and use.
- Keep the kit and any tools out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check the EU's Safety Gate platform for recall updates and safety alerts.

## Specific Safety Precautions for Use

- Always handle firearms with care and treat every gun as if it is loaded.
- Ensure that the firearm is unloaded before starting the installation process.
- Wear safety glasses and protective gear when installing the kit.
- Do not modify the trigger kit or any components beyond the manufacturer's specifications.
- If you experience any issues with the trigger after installation, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation Steps

1. **Safety First:** Ensure the firearm is completely unloaded. Remove the magazine and check the chamber.
2. **Disassemble the Firearm:** Follow the manufacturer's guide to disassemble your S&W SDVE or SD model pistol.
3. **Remove the Factory Trigger:** Carefully remove the factory hinged trigger from the firearm.
4. **Install the Apex FlatFaced Trigger:**
  - Align the new Apex FlatFaced Action Enhancement Polymer Trigger with the trigger housing.
  - Ensure that the centermounted pivoting safety is properly positioned.
5. **Install Springs:**
  - Replace the factory trigger return spring with the Apex Trigger Return Spring.
  - Install the Apex Sear Spring, Apex Striker Block Spring, and Apex Striker Spring as per the manufacturer's instructions.
6. **Reassemble the Firearm:** Carefully reassemble the firearm, ensuring all components are securely in place.
7. **Function Check:** Once reassembled, conduct a function check to ensure proper operation of the trigger mechanism.
8. **Test Fire:** If safe to do so, test the firearm in a controlled environment to ensure the new trigger operates as expected.

### Usage Guidelines

- Always ensure that your firearm is in good working condition before each use.
- Regularly inspect the trigger mechanism for wear or damage.
- Maintain your firearm according to the manufacturer's recommendations.

## **Disposal Instructions**

- Dispose of any unused or damaged parts in accordance with local regulations.
- Do not throw away components in regular household waste; check for designated disposal sites for hazardous materials.

## **Contact Information for Further Support**

For any inquiries or additional support related to the Apex FlatFaced Action Enhancement Kit, please refer to the manufacturer's website or customer service resources.

Thank you for prioritizing safety while enhancing your firearm experience.
