

LINK ANGLED HANDSTOPS W/ CABLE MANAGEMENT SYSTEM - STRIKE INDUSTRIES LINK ANGLED HANDSTOP WITH CABLE MANAGEMENT SYSTEM BLK

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

The Strike Industries LINK Angled HandStop with Cable Management System® is a rearward angle setup for pull style grip options for better weapon manipulation control. This rail attachment assists in pulling the weapon into the shooters shoulder which aids in additional control and mitigating recoil. Textured front and rear finger areas for better grasp plus built-in front and rear barricade stop. The patented SI LINK system allows mounting onto both M-LOK and KeyMod compatible devices for a bigger variety of applications. Also included is the patent pending SI Cable Management System® (CMS) function which enables you to organize and store excess wire from your weapon light or any other cabled accessories. Cables can be routed alongside the handguard, across to the other side, 90-degrees, U-shape or Z-shape. Lightweight high-strength impact resistant custom blended SI Polymer Extreme material with a size and design to fit a wide variety of hands, the SI LINK Angled HandStop with Cable Management System® is an excellent way to increase shootability of your weapon. Product Features: Patented SI LINK mounting system (M-LOK and KeyMod compatible) Built-in SI Cable Management System® (CMS) w/ excess wire storage (patent pending) Cables can be routed: alongside, across, 90-degrees, U-shape or Z-shape Rearward angle for pull style grip options for better weapon manipulation control Textured front and rear finger areas for better grasp Built-in front and rear barricade stop Lightweight High-strength impact resistant custom blended SI Polymer Extreme material Package Contents: x1 LINK Angled HandStop with Cable Management x2 Screw x2 Nut x1 Torx key [T20] x1 Loctite® Threadlocker Blue 243® x1 Warning card NOTE: LINK screws and nuts provided are not manufacturer by Strike Industries. LINK Angled HandStop with Cable Management System Safety Instruction Guide

Introduction

Thank you for choosing the LINK Angled HandStop with Cable Management System by Strike Industries. This product is designed to enhance your weapon's usability and control. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the product is compatible with your weapon system (MLOK or KeyMod).
- Always perform a thorough inspection of the HandStop and its components before each use.
- Keep the product away from children and unauthorized users.
- Regularly check for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Use the HandStop only for its intended purpose as described in this guide.
- Always follow firearm safety practices when using your weapon.

Specific Safety Precautions for Use

- When installing the HandStop, ensure that all screws and nuts are tightened securely to prevent accidental dislodging.
- Do not exceed the recommended torque of 20 in/lbs (2.26 nM) when tightening the LINK screws.
- Be cautious when routing cables through the Cable Management System to avoid pinching or damaging the cables.
- Avoid using the HandStop in conditions that may compromise its integrity, such as extreme temperatures or exposure to corrosive substances.
- If you experience any difficulty in using the HandStop, consult a qualified gunsmith for assistance.

Instructions for Installation and Usage

1. Installation:

- Gather all components: x1 LINK Angled HandStop, x2 Screws, x2 Nuts, x1 Torx key [T20], and x1 Loctite® Threadlocker Blue 243®.
- Position the HandStop on your weapon's rail system (MLOK or KeyMod).
- Align the mounting holes of the HandStop with the rail slots.
- Insert the screws through the HandStop into the rail slots. Use the Torx key to tighten the screws securely.
- Apply a small amount of Loctite® Threadlocker to the screws to prevent loosening due to recoil.
- Ensure that the HandStop is firmly attached and does not move when pulled.

2. Usage:

- Grip the HandStop with your forward hand while maintaining a proper shooting stance.
- Utilize the textured front and rear finger areas for a secure grasp.
- Use the builtin barricade stops for additional support when shooting from a stable position.
- Organize and route any excess wires from weapon lights or accessories through the Cable Management System as needed.
- Regularly practice using the HandStop to become familiar with its benefits for weapon control and recoil management.

Disposal Instructions

- Dispose of the LINK Angled HandStop and its components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, consider recycling materials where applicable.

Contact Information for Further Support

For any safety inquiries, product support, or concerns regarding your LINK Angled HandStop with Cable Management System, please reach out to your local retailer or manufacturer representative.

By following these safety instructions, you can ensure a safe and effective experience with your LINK Angled HandStop. Always prioritize safety and responsible handling when using any firearm accessory.
