Safety Instruction Guide for Strike Industries ASM Ring Cap MultiOptic Mount System

Introduction

Thank you for choosing the Strike Industries ASM Ring Cap MultiOptic Mount System. This product is designed to enhance the functionality of your Adjustable Scope Mount (ASM) while ensuring a safe and effective user experience. Please read this safety instruction guide carefully to understand how to use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the ASM Ring Cap MultiOptic Mount System by following all instructions provided in this manual.
- Be aware of potential hazards associated with the product, including hardware marring and improper installation.
- Always use the product as intended. Misuse may result in injury or damage to your optic.
- Keep the product out of reach of children and vulnerable individuals who may not understand its use.
- Regularly check for recalls or safety updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the ASM Ring Cap MultiOptic Mount System with a 30mm tube Strike Adjustable Scope Mount (ASM).
- Do not exceed a torque of 15 in/lbs (1.69 nM) when tightening the screws on the ASM Ring Cap Mount.
- Be cautious when using the screws provided in the package, as they may mar the finish or coating of your optic housing.
- Ensure that all installations are performed by a certified professional gunsmith.
- Test the installation to confirm it passes all safety and function tests before use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components before starting the installation.
- Ensure that the workspace is clean and free from distractions.

2. Mounting the Optic Plate or Picatinny Rail

- Choose the desired mounting position: 2, 10, or 12 o'clock.
- Align the optic plate or Picatinny rail with the chosen position on the ASM.
- Securely attach the optic plate or Picatinny rail using the provided screws, ensuring not to exceed the recommended torque.

3. Compatibility Check

- Verify that the optic plate is compatible with your micro red dot sight and that the Picatinny rail is suitable for the accessories you intend to mount.

4. Final Inspection

- After installation, inspect the mount to ensure it is securely attached and does not interfere with the operation of the firearm.

- Conduct a function test to ensure that the mount holds the optic securely during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and mechanical waste.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Strike Industries ASM Ring Cap MultiOptic Mount System, please refer to the manufacturer's website or contact your local retailer for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Strike Industries ASM Ring Cap MultiOptic Mount System responsibly.
