

SLING ADAPTER END PLATE, HVY, 1 SOCKET DLC BLACK - SLING ADAPTER END PLATE, HVY, 1 SOCKET PHOS BLK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

ESF-H1 (End plate, Sling Adapter, Forward Controls Design, Heavy, 1 socket) is a drop in end plate replacement for the AR platform (both 223 and 308 spec). ESF-H1 is available in 4140 steel, DLC or phosphate coated versions. ESF has rotation limited side facing sockets. The rear facing socket has no limiters, as the receiver extension effectively limits the swivel's rotation. End plates that incorporate side facing QD swivel sockets can mask available wrench notches required for torquing. A conventional castle nut wrench has 3 lugs, in some cases, the socket housing may partially block access to one of them. A 2 lug castle nut wrench, such as the AR Multitasker, or our JCW (Joint Castle nut Wrench) would be required to torque the castle nut properly. ESF's receiver extension indexing tab can be tight on some receiver extensions. ESF-H1 (rear socket only) does not have rotation limiters, as the QD sling swivel is prevented from rotating 360 degrees by the receiver extension.

Attributes

- Name: [SLING ADAPTER END PLATE, HVY, 1 SOCKET PHOS BLK](#)

Safety Instruction Guide for SLING ADAPTER END PLATE, HVY, 1 SOCKET

Introduction

Thank you for choosing the SLING ADAPTER END PLATE, HVY, 1 SOCKET. This product is designed for use with AR platform rifles and is made from highquality materials to ensure durability and safety. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- **Product Safety:** Ensure that the product is used in accordance with the instructions provided. This product is intended for nonfood applications and should be kept away from children.
- **Enhanced Recalls:** In the event of a safety recall, you will be notified through standardized recall notices. Please keep your purchase information for reference.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with EU safety regulations. You have the same protections as if you were buying in a physical store.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, including children. Ensure that they are supervised and kept at a safe distance during use.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact information located on the packaging or product documentation.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper installation may lead to injury or damage.
 - The swivel may rotate unexpectedly if not properly secured, posing a risk to the user and bystanders.
- **Avoiding Hazards:**
 - Ensure the product is installed correctly before use.
 - Regularly inspect the sling adapter end plate for wear or damage.
 - Do not exceed the recommended weight limit for the sling.
 - Always use the appropriate tools for installation to avoid damaging the product.
- **AgeSpecific Warnings:**
 - This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction before beginning installation.
- Use a 2 lug castle nut wrench (such as the AR Multitasker or JCW) to properly torque the castle nut.
- Align the end plate with the receiver extension and insert the socket into the appropriate position.
- Tighten securely, ensuring that the rotation limited sidefacing sockets are properly oriented.
- Check the tightness of the installation periodically.

2. Usage:

- Attach the sling swivel securely to the end plate socket.
- Always ensure that the swivel is locked in place before use.
- Avoid using the sling adapter end plate for purposes other than its intended use.
- Do not modify the product in any way, as this may compromise safety.

3. PostInstallation Check:

- After installation, perform a thorough inspection to ensure that all components are secure and functioning properly.
- Test the swivel's rotation to confirm that it is limited as designed.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, do not discard it in regular waste. Instead, take it to a designated recycling facility or hazardous waste collection point.

Contact Information for Further Support

For any questions or concerns regarding the SLING ADAPTER END PLATE, HVY, 1 SOCKET, please refer to the manufacturer's contact information provided with your purchase. It is important to have this information for any safety inquiries or product support.

By following these safety instructions, you can ensure the safe and effective use of the SLING ADAPTER END PLATE, HVY, 1 SOCKET. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
