

# EJECTION PORT COVER WITH SINGLE DIMPLE - FORWARD CONTROLS DESIGN TDP SPEC EJECTION PORT COVER, SINGLE DIMPLE, ODG

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Covers](#)

EPC (Ejection Port Cover) is based on TDP dimensions, with thoughtful Forward Control touches. Billet machined from 7075 aluminum, and hard coat Type III anodized, it incorporates features Forward Controls Design think many will find useful. EPC has two "tabs" flanking the cutout for the port cover spring. These tabs allow the EPC to rest on the upper at a greater angle when it's in the down/open position, which provides more space between the port cover and lower receiver. Their job is to better allow the user's finger to get underneath the port cover when he wishes to swing it up/close. Another feature is a shallow circular depression on the side of the EPC to provide texture tactile feedback to the user's finger when he's closing the EPC. A flat surface provides nothing to the user to differentiate one surface from another, it also provides no traction. A shallow circular depression on the left side of the EPC does both. Forward Controls Design incorporate flat surfaces with care as they have their uses. In this case, EPC's exterior surface is treated as a control surface, where a flat surface rarely makes sense. EPC is compatible with TDP spec upper receivers. Weight: 0.30oz. Material: 7075 Construction and coating: billet, type III anodized. Proudly designed and made in the USA. NOTE: Initial closing and opening of EPC may be stiff, this is normal, and will become easier with 2 or 3 closing/opening cycles. Proudly designed and made in the USA.

## Attributes

- Name: [FORWARD CONTROLS DESIGN TDP SPEC EJECTION PORT COVER, SINGLE DIMPLE, ODG](#)
- Manufacturer: [FORWARD CONTROLS DESIGN](#)
- Product no.: 430103586
- Mfr. No.: EPC 1D ODG

# EJECTION PORT COVER WITH SINGLE DIMPLE FORWARD CONTROLS DESIGN SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Ejection Port Cover with Single Dimple Forward Controls Design. This product is designed to enhance your firearm's functionality while ensuring safe usage. Please read this manual carefully to understand the safety guidelines and proper usage of the product.

## General Safety Guidelines

- Ensure that the Ejection Port Cover is installed correctly before using your firearm.
- Always treat your firearm as if it is loaded, even when the Ejection Port Cover is in place.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the Ejection Port Cover for wear and tear, and replace it if any damage is found.
- If you experience any issues with the Ejection Port Cover, do not attempt to fix it yourself. Seek professional assistance.

## Specific Safety Precautions for Use

- The initial opening and closing of the Ejection Port Cover may be stiff. This is normal and will improve with use.
- Ensure your fingers are clear of the Ejection Port Cover's path when opening or closing it to avoid injury.
- Do not force the Ejection Port Cover open or closed; doing so may damage the product.
- Always ensure that the firearm is pointed in a safe direction when operating the Ejection Port Cover.

## Instructions for Installation and Usage

### Installation

1. Ensure your firearm is unloaded and pointed in a safe direction.
2. Remove the existing Ejection Port Cover if applicable.
3. Align the new Ejection Port Cover with the upper receiver of your firearm.
4. Secure the Ejection Port Cover using the provided tabs and ensure it is seated properly.
5. Verify that the Ejection Port Cover operates smoothly by opening and closing it a few times.

### Usage

- To open the Ejection Port Cover, gently lift it upwards using your finger.
- To close the Ejection Port Cover, press it down until it clicks into place.
- If you encounter resistance while operating the Ejection Port Cover, stop and check for any obstructions or misalignment.

## Disposal Instructions

- Dispose of the Ejection Port Cover in accordance with local regulations.
- If the product is damaged beyond use, ensure it is disposed of safely to prevent any potential hazards.

## Contact Information for Further Support

For any questions or concerns regarding the Ejection Port Cover, please refer to the manufacturer or authorized

dealer for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Ejection Port Cover. Always prioritize safety and responsible handling of your firearm.
