# Safety Instruction Guide for Gun Screw Assortment

## Introduction

Thank you for choosing the Gun Screw Assortment by Forster Products, Inc. This guide provides essential safety instructions to ensure the safe use of the product. Please read this guide carefully before using the screws.

## General Safety Guidelines

- Ensure that all screws are stored in a dry and secure location, away from moisture and extreme temperatures.
- Always inspect screws for any signs of damage or defects before use.
- Keep screws out of reach of children and pets to prevent accidental ingestion or injury.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling screws.

## Specific Safety Precautions for Use

- Only use the screws for their intended purpose as specified in the product description.
- Do not exceed the recommended torque settings when installing screws to avoid stripping or damaging the material.
- Be cautious of sharp edges; screws may have sharp points that can cause injury.
- If a screw becomes stuck or difficult to remove, do not force it; instead, seek professional assistance to avoid injury or damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a screwdriver compatible with the screw head type.
- Ensure the work area is clean and welllit to minimize accidents.

### 2. Installation:

- Select the appropriate screw size for your application.
- Align the screw with the predrilled hole or desired location.
- Using the screwdriver, turn the screw clockwise until it is securely fastened. Avoid overtightening.

### 3. Removal:

- To remove a screw, turn it counterclockwise with the screwdriver.
- If the screw is resistant, apply penetrating oil and allow it to sit for a few minutes before attempting to remove it again.

### 4. Storage:

- After use, return screws to their designated storage container to prevent loss and ensure organization.

## Disposal Instructions

- Dispose of any damaged or unusable screws in accordance with local regulations.

- Do not dispose of screws in regular household waste if they can pose a hazard to the environment or public safety.
