

ATLAS R-ONE M-LOK FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION ATLAS R-ONE 10.3" HANDGRD M-LOK FREE FLOAT FOR AR-15 ODG ANO

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

ATLAS RONE MLOK Free Floating Handguards

Safety Instructions

Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguards for your AR15. This guide provides essential safety instructions and usage guidelines to ensure safe and effective use of the product. Please read this manual carefully before installation and usage to avoid potential hazards.

General Safety Guidelines

- Ensure that the handguard is installed correctly to avoid any malfunction during use.
- Always check for compatibility with your specific AR15 model before purchasing and installing the handguard.
- Keep the handguard and all associated hardware out of reach of children and vulnerable individuals.
- Regularly inspect the handguard for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the ATLAS RONE handguard with milspec AR15 upper receivers and barrels to ensure proper fit and function.
- Ensure that the installation is performed by someone with adequate knowledge of firearm assembly and safety protocols.
- Avoid overtightening the mounting hardware, as this can lead to distortion of the handguard and affect performance.
- Do not modify the handguard or its components, as this can compromise safety and functionality.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.

Instructions for Installation and Usage

1. Preparation:

- Gather all required tools and components, including the ATLAS handguard, mounting hardware, and any additional tools as specified in the product manual.

2. Installation Steps:

- Remove the existing handguard from your AR15 upper receiver according to the manufacturer's instructions.
- Clean the barrel nut area to ensure a proper fit.
- Align the ATLAS handguard with the upper receiver and ensure that it is compatible with the gas block and other components.
- Install the proprietary ATLAS attachment system by following these steps:
 - Place the handguard onto the barrel nut.
 - Use the provided tapered locking nuts to secure the handguard in place, ensuring even pressure is applied across the entire surface.
 - Tighten the locking nuts using the turnbuckle screw, being cautious not to overtighten.
 - Verify that the handguard is securely mounted and does not wobble or shift.

3. PostInstallation Check:

- Inspect the installation to ensure that all components are properly secured and that there are no visible gaps or misalignments.
- Test the functionality of the handguard by attaching any desired accessories and ensuring they are stable.

4. Usage:

- Use the handguard as intended, ensuring that it does not interfere with the operation of the firearm.
- Regularly check the handguard and mounting hardware for any signs of wear or loosening during use.

Disposal Instructions

- Dispose of the ATLAS RONE handguard and any associated hardware in accordance with local regulations.
- Avoid disposing of the product in regular household waste. Instead, check for specific recycling or disposal guidelines for aluminum and firearm accessories in your area.

Contact Information for Further Support

For any inquiries or further support regarding the ATLAS RONE MLOK Free Floating Handguards, please refer to the manufacturer's website or customer service channels. Ensure that you have the product information available for more efficient assistance.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Your careful adherence to these guidelines will help ensure a safe and enjoyable experience with your ATLAS RONE handguard.
