

ATLAS R-ONE M-LOK FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION ATLAS R-ONE 15" HANDGUARD M-LOK FREE FLOAT FOR AR-15 KODIAK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

ATLAS RONE MLOK Free Floating Handguards

Safety Instructions

Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguards for your AR15. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your handguard. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the handguard is installed by a qualified individual familiar with firearm accessories.
- Always handle firearms with care and follow all safety protocols.
- Check for compatibility with your specific AR15 model before purchasing.
- Regularly inspect the handguard for any signs of wear, damage, or improper installation.
- Store the handguard in a safe and dry environment when not in use.
- Be aware of your local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- **Installation Hazards:** Improper installation can lead to accidents. Always follow the installation instructions provided.
- **Weight Considerations:** Ensure that the weight of the handguard does not exceed the specifications of your firearm to maintain balance and control.
- **Heat Exposure:** The handguard may become hot during use. Allow it to cool before handling.
- **Child Safety:** Keep all firearm accessories out of reach of children to prevent accidents.
- **Material Safety:** The handguard is made from 6061T6 Aluminum. Avoid exposure to harsh chemicals that may damage the finish.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools: a torque wrench, appropriate sockets, and the included mounting hardware.
- Ensure your workspace is clean and well-lit.

2. Installation Steps:

- Remove the existing handguard from your AR15 by following the manufacturer's instructions.
- Align the ATLAS RONE handguard with the upper receiver.
- Secure the handguard using the proprietary ATLAS attachment system:
 - Insert the barrel nut and tighten using the turnbuckle screw.
 - Ensure that the tapered locking nuts are evenly distributed for proper clamping pressure.
 - Use the ratcheting detent to secure the handguard in place.
- Doublecheck all connections to ensure stability.

3. Usage:

- Utilize the full top picatinny rail for optional attachments as needed.
- Ensure that the quick disconnect sling sockets are used correctly.
- Regularly check for any looseness or instability during use.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations for aluminum and firearm accessories.
- Recycle materials when possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the ATLAS RONE MLOK Free Floating Handguards, please refer to the manufacturer's website or customer service for assistance. Always ensure that you have the latest information regarding safety recalls or product updates.

Important Note

This product is designed for use with milspec AR15 upper receivers and barrels. It may not be compatible with billet upper receivers due to indexing tabs. Always verify compatibility before installation.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your ATLAS RONE MLOK Free Floating Handguards. Thank you for prioritizing safety.
