8IN1 Pistol and Magazine Disassembly Tool for Glocks Safety Instructions

Introduction

Thank you for choosing the 8IN1 Pistol and Magazine Disassembly Tool for Glocks. This tool is designed to assist Glock® owners in safely and effectively maintaining their firearms. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the tool is used only for its intended purpose as described in the product manual.
- Keep the tool out of reach of children and unauthorized users.
- Always handle your firearm with care and follow all safety protocols associated with firearm handling and maintenance.
- Regularly inspect the tool for wear or damage before use. Do not use if any part is damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before using the disassembly tool.
- Use the tool in a welllit area to avoid accidents.
- When using the punch hammer, ensure that your hands are clear of the striking area.
- Do not force any components when using the tool. If resistance is felt, stop and reassess the situation.
- Use the magnetized bit driver carefully to avoid injury from sharp edges or moving parts.
- Do not use the tool with Glock®30 round magazines or extended type base plates as it may cause damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary components and tools.

2. Using the 8IN1 Tool:

◦ Magazine Plate Removal:

- Insert the tool into the magazine plate slot.
- Gently push down to release the magazine plate.
- Carefully remove the plate to avoid spring tension.

◦ Changing Magazine Plates or Springs:

- Follow the removal instructions above to access the magazine internals.
- Replace the magazine plate or spring as needed.
- Reattach the magazine plate by aligning it and pressing down until it clicks into place.

◦ Resetting Pins:

- Use the punch hammer to reset pins during reassembly.
- Align the pin with the hole and gently tap until secured.

- **Adjusting Front Sight:**

- Use the magnetized front sight adjustment tool to install or adjust the front sight screw.
- Ensure the sight is secure before use.

- 3. **PostUse:**

- Clean the tool after use to maintain its functionality.
- Store the tool in a safe and dry location away from children.

Disposal Instructions

- Do not dispose of the tool in regular household waste.
- Follow local regulations for the disposal of tools and equipment.
- Consider recycling the tool if it is no longer usable.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please consult the manufacturer or authorized dealer for assistance. It is important to ensure that you have the latest information regarding safety updates and product recalls.

By following these safety instructions, you can ensure a safe and effective experience with your 8IN1 Pistol and Magazine Disassembly Tool for Glocks. Thank you for prioritizing safety and responsible firearm maintenance.
