NO. 2 BIPOD ADAPTER FLANGE NUT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the NO. 2 Bipod Adapter Flange Nut. This product is designed to enhance the functionality of your equipment by allowing the secure mounting of a sling stud on hollow plastic foreends. It is essential to follow the safety instructions provided in this guide to ensure safe usage and to minimize any risk of injury or damage.

General Safety Guidelines

- **Product Safety:** Ensure that the product is used according to the instructions to prevent accidents and injuries.
- **Enhanced Recalls:** Stay informed about any safety recalls related to this product. You can check for updates on the EU Safety Gate platform.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries or concerns, refer to the designated EU contact points.
- **Rapid Alerts:** Be aware of the Safety Gate system for timely updates regarding product safety.

Specific Safety Precautions for Use

- **Inspection:** Before each use, inspect the adapter for any signs of wear, damage, or defects. Do not use if damaged.
- **Proper Mounting:** Ensure that the adapter is securely mounted to avoid accidents during use.
- **Weight Limit:** Do not exceed the weight limit specified by the manufacturer for the equipment being used with the adapter.
- **Avoid Modifications:** Do not modify the adapter or use it in a manner not intended by the manufacturer.
- **Safe Handling:** Always handle the adapter with care to avoid dropping or damaging it.

Instructions for Installation and Usage

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a wrench suitable for the shank size.
2. **Choose Location:** Identify the appropriate location on the hollow plastic foreend for mounting the sling stud.
3. **Prepare the Adapter:**
 - Ensure the flange nut and washer are included with your product.
 - The flange is 5/8 inch wide by 1 3/8 inch long.
4. **Install the Adapter:**
 - Insert the shank (5/16inch diameter) into the predrilled hole of the foreend.
 - Use the 1032 threaded hole to secure the flange nut onto the shank.
 - Tighten the flange nut securely but avoid overtightening, which may damage the foreend.
5. **Attach Sling Stud:** Once the adapter is securely in place, attach the sling stud as per the manufacturer's guidelines.
6. **Final Check:** After installation, check that everything is securely fastened before use.

Disposal Instructions

- **Environmental Considerations:** Dispose of the product in accordance with local regulations regarding electronic and plastic waste.
- **Recycling:** If possible, recycle the components of the adapter to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding the NO. 2 Bipod Adapter Flange Nut, please refer to the appropriate EU contact points or your retailer. Always keep the product documentation for reference.

By following these instructions and safety guidelines, you can ensure the safe and effective use of the NO. 2 Bipod Adapter Flange Nut. Thank you for your attention to safety, and enjoy using your product!
