Consumer Safety Instruction Guide for ACCUPUNCH HAMMER WITH BRASS & STEEL PIN PUNCHES

Introduction

Thank you for choosing the ACCUPUNCH HAMMER WITH BRASS & STEEL PIN PUNCHES by REAL AVID. This product is designed for safe and efficient use in gunsmithing applications. Please read this safety instruction guide carefully to ensure proper usage and to minimize risks associated with its use.

General Safety Guidelines

- Ensure that all users read and understand these safety guidelines before using the product.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using this product.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Potential risks include pin injuries, hammer impact injuries, and accidental pin removal.
- **Avoiding Hazards:**
 - Always ensure that the workpiece is securely held before striking with the hammer.
 - Do not strike the hammer with excessive force; use only the necessary force to avoid damaging the workpiece or causing injury.
 - Use the appropriate punch size for the pin being removed or installed to prevent slipping or misalignment.
 - Ensure that your hands and body are clear of the striking area when using the hammer.
 - Do not use damaged or worn punches or hammer heads.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the ACCUPUNCH HAMMER, brass and steel punches, and any additional tools required for your specific task.
- Ensure that your work area is clean and welllit.

2. Using the Hammer and Punches:

- Select the appropriate punch size for the pin you are working with.
- Insert the punch into the pin hole of the workpiece.
- Hold the punch firmly in place with one hand while positioning the hammer with the other hand.
- Strike the hammer gently on the punch to begin the removal or installation process.
- If resistance is met, reassess the alignment and ensure that the correct punch is being used.

3. Interchangeable Hammer Heads:

- To change the hammer head, unscrew the current head and replace it with the desired head

(rubber, brass, steel, or nylon).

- Ensure that the hammer head is securely tightened before use.

4. PostUse Care:

- Clean the punches and hammer after each use to remove any debris or residue.
- Store the product in a safe, dry place, preferably in the standup case provided.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged beyond repair, recycle the materials where possible.

Contact Information for Further Support

For any safety inquiries or further assistance, please reach out to the designated contact point provided by the manufacturer. Ensure that you have the product details ready for reference.

By following these guidelines, you can ensure a safe and effective experience with the ACCUPUNCH HAMMER WITH BRASS & STEEL PIN PUNCHES. Thank you for prioritizing safety in your gunsmithing projects.
