

SMART MAG TOOL FOR GLOCK - REAL AVID SMART MAG TOOL FOR GLOCK

[Gunsmith Tools](#) > [Handgun Tools](#) > [Magazine Tools](#)

Change base plates or disassemble Glock OEM magazines for safe and easy cleaning. No fumbling, no need for an extra hand, no out of control springs launching across the room. The Smart Mag Tool for Glock simplifies the process by allowing you to break open the base plate, and slide it off while retaining the spring in a secure position. To assemble, just reverse the operation. A once clumsy task has been rendered easy. It's called the Smart Mag Tool. Maybe it should be called the Easy Mag Tool. Features: - Easily change base plates or disassemble Glock OEM magazines for safe and easy cleaning - Aids in both the disassembly and reassembly of the magazine - Captures the spring on disassembly and prevents it from launching across the room - Unload the magazine with quick unload feature on the back - Rubber over molded base prevents tool from slipping and protects your table from scratching - Does not work on extended base plates such as the Glock + base plate found on some high capacity magazines.

Safety Instruction Guide for the Smart Mag Tool for Glock

Introduction

Thank you for choosing the Smart Mag Tool for Glock. This tool is designed to simplify the process of changing base plates and disassembling Glock OEM magazines for safe and easy cleaning. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure you understand all instructions before using the Smart Mag Tool.
- Always use the tool in a safe environment, free from distractions and hazards.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear.
- Report any unsafe conditions or product defects to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure the magazine is unloaded before using the Smart Mag Tool.
- Use the tool only as intended; do not attempt to modify or misuse it.
- Be cautious of the spring mechanism when disassembling the magazine. The Smart Mag Tool is designed to capture the spring, but it is essential to follow instructions carefully to avoid accidents.
- Do not use the Smart Mag Tool with extended base plates, such as the Glock + base plate found on some highcapacity magazines, as it may not function correctly.
- If you experience any difficulty during use, stop immediately and consult the instructions or seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure the magazine is completely unloaded.
- Gather all necessary tools and materials in a clean, welllit area.

2. Disassembling the Magazine:

- Place the magazine in the Smart Mag Tool.
- Align the base plate with the tool's opening.
- Press down on the base plate to release it while maintaining a firm grip on the magazine.
- The Smart Mag Tool will capture the spring, preventing it from launching across the room.

3. Cleaning the Magazine:

- Once disassembled, clean the magazine components as needed.
- Ensure all parts are dry before reassembly.

4. Reassembling the Magazine:

- Align the spring and base plate with the magazine.
- Reverse the disassembly process by sliding the base plate back into place while ensuring the spring is secured.

- Ensure the base plate is firmly attached before use.

5. Unloading the Magazine:

- Utilize the quick unload feature located on the back of the Smart Mag Tool for efficient unloading.

Disposal Instructions

- Dispose of the Smart Mag Tool responsibly at a designated recycling facility or according to local regulations.
- Do not dispose of the tool in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the Smart Mag Tool for Glock, please contact your local retailer or manufacturer. Ensure you have the product details on hand for efficient assistance.

By following these guidelines, you can safely and effectively use the Smart Mag Tool for Glock. Thank you for prioritizing safety and compliance with the EU GPSR.
