Safety Instruction Guide for the B5 Systems AR15 QD End Plate

Introduction

Thank you for choosing the B5 Systems AR15 Quick Disconnect End Plate. This product is designed to enhance your firearm's functionality by providing an additional attachment point for a single point sling. To ensure your safety and the proper use of this product, please read and follow the instructions and guidelines outlined in this document.

General Safety Guidelines

- Ensure that the product is used in accordance with all applicable laws and regulations regarding firearm accessories in your jurisdiction.
- Always handle firearms with care and ensure they are unloaded when installing or adjusting accessories.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the end plate for signs of wear or damage. If any issues are found, discontinue use and replace the product.
- In case of any accidents or unsafe conditions, report them to the appropriate authorities.

Specific Safety Precautions for Use

- **Limited Rotation:** The design allows for limited rotation. Ensure that the sling is properly secured to prevent accidental disengagement.
- **Steel Construction:** The steel material provides durability but can also be heavy. Ensure that your firearm can support the additional weight without compromising safety.
- **Corrosion Resistance:** Although the phosphate finish is corrosion-resistant, regular maintenance and cleaning are recommended to prolong the life of the product.
- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Ensure that younger individuals are supervised when handling firearms.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is completely unloaded before beginning installation.
- Locate the buffer tube on your AR15 and remove any existing end plate if necessary.
- Align the B5 Systems QD End Plate with the buffer tube and slide it into place.
- Secure the end plate by properly staking it according to manufacturer recommendations.
- Doublecheck that the end plate is firmly attached and does not rotate freely.

2. Usage:

- Attach your single point sling to the Quick Disconnect (QD) socket on the end plate.
- Adjust the sling to your desired length for optimal comfort and control.
- Regularly check the attachment point to ensure it remains secure during use.

Disposal Instructions

- When the B5 Systems AR15 QD End Plate reaches the end of its life cycle or is no longer needed, dispose of it in accordance with local regulations for metal products.
- If applicable, consider recycling the steel material to minimize environmental impact.

Contact Information for Further Support

For additional support or inquiries regarding safety and usage of the B5 Systems AR15 QD End Plate, please refer to the manufacturer's website or customer service resources.

By following these safety instructions, you can ensure a safe and effective experience with your B5 Systems AR15 QD End Plate. Thank you for prioritizing safety.
