AR15 Battery Grip Plugs Safety Instruction Guide

Introduction

Thank you for purchasing the AR15 Battery Grip Plugs by B5 Systems. This product is designed to enhance your AR15 grip by providing a secure, water, and dustresistant storage solution for your Type 23 and 22 PGrips. This guide contains important safety instructions, usage guidelines, and disposal instructions to ensure you use this product safely and effectively.

General Safety Guidelines

- Ensure that the Battery Grip Plug is compatible with your AR15 model before use.
- Always inspect the product for any signs of damage or wear before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the Battery Grip Plug for any purpose other than its intended use.
- In case of any malfunction or if you notice any unusual behavior, cease use immediately and consult the manufacturer.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Water and Dust Resistance:** While the Battery Grip Plug is designed to be water and dust resistant, it is not entirely waterproof. Avoid submerging the product in water.
- **Friction Fit:** The friction fit design allows for easy removal and installation. Ensure that the plug is securely fitted before use to prevent it from dislodging during operation.
- **Material Safety:** The Battery Grip Plug is made of rubber. If you have known allergies to rubber or similar materials, consult with a professional before use.
- **Storage of Batteries:** Ensure that batteries stored within the grip plug are of the correct type (AA, 123A, CR2032) and are not damaged or leaking.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare the Grip:** Ensure that the AR15 grip is clean and free from debris.
2. **Select Battery Type:** Choose the appropriate battery type that fits your needs (AA, 123A, CR2032).
3. **Insert the Battery:** Carefully insert the battery into the Battery Grip Plug, ensuring correct polarity.
4. **Insert the Grip Plug:** Align the Battery Grip Plug with the grip opening and press firmly until it fits snugly. Ensure that it is secure and does not wiggle.
5. **Test Fit:** Gently tug on the grip plug to ensure it is properly installed.

Usage Instructions

- Use the Battery Grip Plug to store batteries and the MultiTasker NANO Tool securely.
- Regularly check the fit and condition of the Battery Grip Plug during routine maintenance of your AR15.
- If you need to remove the Battery Grip Plug, gently pull it out using a firm grip.

Disposal Instructions

- Dispose of the Battery Grip Plug in accordance with local regulations for rubber products.
- If you are disposing of batteries, follow proper battery disposal guidelines to avoid environmental contamination.
- Do not incinerate the Battery Grip Plug or batteries, as this may cause harmful emissions.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please consult the manufacturer's website or customer service for assistance. You can also check for any recall updates on the EU's Safety Gate platform to stay informed about product safety.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your AR15 Battery Grip Plugs.
