

# MOUNT FOR AIMPOINT ACRO P-1 AND P-2 OPTIC - ARISAKA DEFENSE MOUNT FOR AIMPOINT ACRO P-1 AND P-2 OPTIC, 1.93" HEIGHT, BLK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Patent Pending Arisaka Aimpoint Acro Mount is designed for the Aimpoint Acro P-1 and P-2 optics. The low profile, minimalist design and 7075-T651 aluminum construction with MIL-A-8625 Type III hard coat anodizing ensures strength and durability. The Arisaka Aimpoint Acro Mount is available in 1.70" and 1.93" heights, and with black or clear (tan) hard coat anodizing. Why does Arisaka offer 1.70"? Many people find this height provides the perfect balance between heads up orientation and enough cheekweld to be consistent, which is evident in the rising popularity of 1.70" scope mounts. Weight: 1.70" - 3.0 oz 1.93" - 3.1 oz Each mount is CNC machined from 7075-T651 aluminum and MIL-A-8625 Type III hard coat black or clear anodized (clear hard coat with 7075 provides the tan color). Anodizing colors may slightly vary from part to part and batch to batch, and is completely normal. Includes all necessary screws and tools to attach optic to mount. Recommended torque values: Picatinny clamp - 50 inch lbs (5.7 Nm) Optic to mount - 27 inch lbs (3.0 Nm) Hardware: One 10-32x1.25" torx socket cap screw. Made in the USA.

# Safety Instruction Guide for Arisaka Defense Mount for Aimpoint Acro P1 and P2 Optic

## Introduction

Thank you for choosing the Arisaka Defense Mount for Aimpoint Acro P1 and P2 Optics. This product is designed to provide a secure and reliable mounting solution for your optics. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

## General Safety Guidelines

- Ensure that the mount is compatible with your Aimpoint Acro P1 or P2 optics before installation.
- Always handle the mount with care to avoid injury.
- Inspect the mount for any signs of damage or wear before each use.
- Keep the mount out of reach of children and vulnerable individuals.
- Do not exceed the recommended torque values during installation.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to the optic detaching during use, which could cause injury or damage.
  - Using the mount with incompatible optics may result in failure.
- **Avoiding Hazards:**
  - Follow the installation instructions carefully.
  - Use only the provided screws and tools for installation.
  - Regularly check the tightness of the mount and optic to ensure they are secure.
- **Age Specific Warnings:**
  - This product is intended for adult use only. Keep away from children.

## Instructions for Installation and Usage

### 1. Installation:

- Gather all necessary tools and components included in the package.
- Ensure the mounting surface is clean and free of debris.
- Position the mount on the Picatinny rail of your firearm at the desired height (1.70" or 1.93").
- Use the provided 1032x1.25" torx socket cap screw to secure the mount to the rail.
- Tighten the Picatinny clamp to a torque value of 50 inch lbs (5.7 Nm).
- Attach the optic to the mount using the appropriate screws and tighten to a torque value of 27 inch lbs (3.0 Nm).

### 2. Usage:

- Once installed, check the alignment of the optic and ensure it is securely mounted.
- Use the optic as intended, ensuring that it is properly adjusted for your shooting needs.
- Regularly inspect the mount and optic for any signs of looseness or damage during use.

## Disposal Instructions

- Dispose of the mount in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling materials where possible.

## **Contact Information for Further Support**

For any safety inquiries, please refer to the manufacturer's website or customer service for assistance. Always ensure you are using the product according to the guidelines provided in this manual.

Thank you for your attention to these safety instructions. Enjoy your Arisaka Defense Mount for Aimpoint Acro P1 and P2 Optics!
