

STOCK ANGLE ADAPTER FOR MAGPUL SL/SL-S STOCK - ARISAKA DEFENSE STOCK ANGLE ADAPTER FOR MAGPUL SL/SL-S STOCK, BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Stock Hardware](#) > [Adapter](#)

The Patent Pending Arisaka Stock Angle Adapter upgrades the Magpul SL and SL-S stocks for precision use with two important features: Changes the recoil pad angle so it is perpendicular to the bore axis. Adds height and cant adjustments to the recoil pad. The adapter is meant to aid alignment and recoil management on semi-auto gas guns like the LMT MWS and KAC SR25. Additionally, the height and cant adjustments allow a shooter to better fit the rifle to their physiology. The end result makes the SL and SL-S stocks similar to a precision bolt gun stock. In addition to the OEM SL pad, you can also use our favorite, the luxurious SL Limbsaver recoil pad. Mike Olivella from Praecore Performance was the catalyst for the Stock Angle Adapter: The Stock Angle Adapter is the first installment in a series of precision rifle focused, ergonomic upgrades. The geometry of most popular carbine stocks support a variety of shooting techniques and work well within those requirements. However, if we take a look at any modern, precision focused bolt gun chassis, you will note that all of them feature a 90 degree angle for the recoil pad. This isn't by accident. This geometry promotes greater contact surface area for one of the critical alignment components of a shooter's position behind the rifle. Arisaka took Mike Olivella's requirements and went a step further by incorporating a simple and lightweight solution to the critical fitting components of recoil pad height and cant. Different optic mount and shooter requirements have shown in testing there is almost no wrong configuration, but Mike does have his favorites. The finishing touch that can't be overlooked is how Arisaka made this accessory to not only work with a few common carbine stocks but also allowed it to accept a popular aftermarket recoil pad. For gas gun precision rifle shooters, this upgrade offers your rifle a lightweight, custom fit solution for your recoil pad with an extra bump up in surface area for your rear support. Additional length of pull (measured at the middle of the pad): 0.70" Weight: 3.5oz The adapter is CNC machined from 6061-T651 aluminum and MIL-A-8625 Type III hard coat anodized. Made in the USA.

Attributes

- Name: [ARISAKA DEFENSE STOCK ANGLE ADAPTER FOR MAGPUL SL/SL-S STOCK, BLACK](#)
- Manufacturer: [ARISAKA DEFENSE](#)
- Product no.: 430104551
- Mfr. No.: SAA-SL-BK
- Colour: Black
- Delivery weight: 0.136kg
- Shipping height: 51mm
- Shipping width: 51mm
- Shipping length: 140mm
- UPC: 601557940285

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for the Stock Angle Adapter for Magpul SL/SLS Stock

Introduction

Thank you for choosing the Stock Angle Adapter for Magpul SL/SLS Stock by Arisaka Defense. This product is designed to enhance the usability and performance of your rifle while ensuring safety during operation. Please read this safety instruction guide carefully to ensure proper installation, usage, and maintenance of the adapter.

General Safety Guidelines

- Always handle firearms and firearm accessories with care.
- Ensure that the firearm is unloaded before installing or adjusting any accessories.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Regularly inspect the adapter for signs of wear or damage.
- If you notice any defects or malfunctions, discontinue use immediately and contact customer support.
- Keep the adapter and all firearm accessories out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the adapter is installed correctly before use. Incorrect installation can lead to misalignment and potential accidents.
- When adjusting the height and cant of the recoil pad, do so slowly and carefully to avoid sudden changes that may affect your shooting position.
- Be cautious when using the adapter with aftermarket recoil pads. Ensure compatibility to maintain safety and performance.
- Use the adapter only with compatible stocks (Magpul SL and SLS) to prevent any safety hazards.
- Always wear appropriate eye and ear protection when shooting.

Instructions for Installation and Usage

Installation

1. **Unloading the Firearm:** Ensure that your firearm is completely unloaded before beginning the installation process.
2. **Removing the Existing Recoil Pad:** Carefully remove the existing recoil pad from the Magpul SL or SLS stock.
3. **Attaching the Adapter:**
 - Align the Stock Angle Adapter with the stock.
 - Securely fasten the adapter using the provided screws. Ensure that it is tightened to prevent movement during use.
4. **Installing the Recoil Pad:**
 - Attach the recoil pad of your choice (OEM SL pad or aftermarket pad) to the adapter.
 - Make sure it fits snugly and is securely fastened.
5. **Adjusting Height and Cant:**
 - Adjust the height and cant of the recoil pad to fit your shooting style and comfort.
 - Ensure that the adjustments are locked in place before using the firearm.

Usage

- Always check that the adapter is securely attached before each use.
- Familiarize yourself with the adjustments and how they affect your shooting position.
- Practice shooting with the adapter in a safe environment to ensure comfort and familiarity.

Disposal Instructions

- Dispose of the Stock Angle Adapter in accordance with local regulations.
- If the adapter is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the adapter in regular household waste.

Contact Information for Further Support

For any inquiries or support regarding the Stock Angle Adapter for Magpul SL/SLS Stock, please reach out to your local retailer or visit the manufacturer's website for more information.

By following these guidelines, you can ensure a safe and effective experience with your Stock Angle Adapter. Thank you for prioritizing safety and responsible firearm usage.
