

SIDE SCOUT MOUNT FOR M-LOK HANDGUARD - ARISAKA DEFENSE

SIDE SCOUT LIGHT MOUNT FOR MCX HANDGUARDS, M-LOK COMPATIBLE

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

The Patent Pending Arisaka Side Scout Mount MCX is designed specifically for the Surefire Scout Light M600 and M300 series weapon lights, the Modlite PLH and OKW weapon lights, the Arisaka 300, 600 and 18650 Series Lights, the Streamlight Protac Rail Mount 1, 2 and HL-X (non-laser), and Olight Odin. It replaces the stock Picatinny rail adapter with a low profile mount that tucks the light underneath either side of NGAL, ATPIAL-C, AN/PEQ15, and LA-5/PEQ laser/illuminators. It will also allow the light to clear the QD lever on the Steiner DBAL I2, A3, and D2. Designed primarily for the SIG MCX and MPX, the Side Scout Mount MCX will also work well on the B&T GHM and APC series, CZ Scorpion and Bren, IWI Tavor, and AR15 M-Lok handguards even without a laser. Compatible with the Modlite PLH, PLHv2 and OKW, Surefire M300A, M300B, M300C, M300V, M312, M322, M312V, M313V, M322V, M600B, M600C, M600P, M600U, M600V, M600DF, M612, M622, M603V, M612V, M622V, Streamlight Protac Rail Mount 1, 2 and HL-X (non-laser), Olight Odin, CD REIN, and Arisaka 300, 600 and 18650 Series. M620, M951/2 and M961/2 series lights can also be used with the Offset Scout Mount with the addition of the Arisaka Offset M620 Adapter. Length: 1.265" Weight: 0.4 oz The mount is CNC machined from 6061-T651 aluminum and MIL-A-8625 Type III hard coat anodized. Includes necessary screws to attach light body to mount. Requires an IP20 TorxPlus driver for installation (not included). A T9 Torx driver is required to remove the stock Picatinny mount from Surefire Scout Lights. Recommended torque: 30 inch lbs for M-Lok screws and 20 inch lbs for light body screws with Loctite 222 or 243. Hardware: Two M-Lok nuts, two 10-24x5/16" Torx button head screws, two 8-32x5/16" Torx flat head screws. Made in the USA.

Safety Instruction Guide for the Arisaka Defense Side Scout Mount MCX

Introduction

Thank you for choosing the Arisaka Defense Side Scout Mount MCX. This product is designed to enhance your tactical setup by securely mounting weapon lights to your firearm. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use with various weapon lights. Always ensure it is used according to the manufacturer's guidelines to avoid accidents.
- **Enhanced Recalls:** In the unlikely event of a safety recall, you will be notified through standardized recall notices. Please stay informed and follow any instructions provided.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements. Verify that the product is genuine and from a reputable seller.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure it is stored out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact point provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay updated on product safety through the EU's Safety Gate system for any notifications regarding unsafe products.

Specific Safety Precautions for Use

- **Check Compatibility:** Ensure that the Side Scout Mount MCX is compatible with your weapon light and firearm. Refer to the product specifications for a list of compatible models.
- **Inspect Before Use:** Always inspect the mount and weapon light for any signs of damage or wear before installation.
- **Avoid OverTightening:** When installing the mount, avoid overtightening screws as this may damage the components and affect safety.
- **Use Correct Tools:** Use the recommended tools for installation. A TorxPlus driver is required for installation, and a T9 Torx driver is needed to remove the stock Picatinny mount from Surefire Scout Lights.
- **Follow Torque Specifications:** Adhere to the recommended torque specifications: 30 inch lbs for MLok screws and 20 inch lbs for light body screws, using Loctite 222 or 243 for secure attachment.

Instructions for Installation and Usage

1. Gather Tools and Components:

- MLok nuts
- Torx button head screws (1024x5/16")
- Torx flat head screws (832x5/16")
- TorxPlus driver
- T9 Torx driver
- Loctite (optional)

2. Installation Steps:

- **Step 1:** Remove the existing Picatinny mount from your Surefire Scout Light using the T9 Torx driver.

- **Step 2:** Align the Arisaka Side Scout Mount MCX with the desired position on your handguard.
- **Step 3:** Insert the MLoc nuts into the slots of the handguard.
- **Step 4:** Attach the mount using the Torx button head screws. Ensure they are inserted into the MLoc nuts and tighten to the recommended torque specifications.
- **Step 5:** Attach your weapon light to the mount using the Torx flat head screws. Again, ensure they are tightened to the recommended specifications.

3. Usage Instructions:

- Once installed, ensure that the weapon light operates correctly and is securely mounted before use.
- Regularly check the mount and light for tightness and any signs of wear or damage.

Disposal Instructions

- **Proper Disposal:** When it is time to dispose of the product, ensure it is done in accordance with local regulations for electronic waste and aluminum products.
- **Recycling:** Consider recycling the aluminum components where facilities are available.

Contact Information for Further Support

For any further inquiries or support regarding the Arisaka Defense Side Scout Mount MCX, please refer to the contact information provided by the retailer or manufacturer. Always ensure you have the product details ready for quicker assistance.

By following these safety instructions, you can ensure the safe and effective use of the Arisaka Defense Side Scout Mount MCX. Thank you for your attention to safety and for choosing our product.
