

34 ALPHA CHEST RIG - SPIRITUS SYSTEMS 34 ALPHA CHEST RIG WOLF GREY

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

34 Alpha Chest Rig The 34 Alpha Chest Rig is a split chassis that will interface directly with the existing Spiritus Systems straps and pouches. This is a true blank-slate platform that enables load-carriage configuration options for weapon ammo of nearly any caliber, and when combined with the Spiritus Systems current Pouch Suite, the end user's options are near-limitless. The system is constructed to be as low-profile as possible to add minimal bulk to the finished split rig, letting the end-user configure a chest rig that does exactly what they need it to do on any given mission without added bulk or unused space. The system can be paired with a set of Micro Fight Fat Straps and Back Strap to create a complete platform for a wide range of load bearing configurations. The panels are built with Squadron MOLLE front faces and elastic cells on the back for extra storage. The bottom of each 34 Alpha Panel also has a Velcro slot to mount hanger pouches. The chest rig panels are connected via two sliding Fastex buckles that provide a secure connection point, as well as quick, one-handed, opening and closing when engaging in activities that may require an open front configuration (i.e. going into the prone). They also allow for micro adjustments at the front without having to modify the width of the back strap. Each panel features six columns of MOLLE on the front and is compatible with all of Spiritus' GP Pouches, our SPUD Pouch, the Liberty Dynamic Flash Bang Pouch, the JSTA Pouch, and Nalgene Water Bottle Pouch. The top of the panel is built with integrated anchor point holes that give the wearer a secure solution for internal magazine retention when combined with our bungee retention kit, or to tie down secure items stored on the chest rig pouches. The internal elastic cells in the back are sewn in at three different widths to accommodate a wide range of items ranging from pistol magazines and multi-tools, all the way to 7.62 rifle mags and more. When assembled, the 34 Alpha Split Rig gives end-users access to a load bearing solution that will support a wide range of weapon platforms, mission profiles, and loadouts. NOTE: This is part of the Spiritus Systems Chest Rig System. This item does not include the chassis, shoulder straps, magazine inserts, or any other accessories. Note: This product may be shown with optional accessories. Made in the USA

Attributes

- Name: [SPIRITUS SYSTEMS 34 ALPHA CHEST RIG WOLF GREY](#)

34 Alpha Chest Rig Safety Instruction Guide

Introduction

Thank you for choosing the 34 Alpha Chest Rig from Spiritus Systems. This guide provides important safety instructions to ensure the safe use and maintenance of your chest rig. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the chest rig is suitable for your intended use and loadbearing needs.
- Regularly inspect the chest rig for any signs of wear or damage, including buckles, straps, and panels.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the chest rig away from extreme temperatures, moisture, and harmful chemicals.
- Ensure that all accessories and pouches used with the chest rig are compatible and securely attached.
- Be aware of your surroundings when using the chest rig, especially in crowded or hightraffic areas.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure that the chest rig is adjusted to fit your body securely. Loose straps can lead to accidents or injuries.
- **Weight Distribution:** Distribute weight evenly across the rig to maintain balance and prevent strain.
- **Avoid Overloading:** Do not exceed the recommended load capacity of the chest rig. Overloading can compromise safety and functionality.
- **Use with Caution:** When engaging in activities that may require quick access to your gear, practice using the rig to ensure familiarity with its operation.
- **Child Safety:** This product is not intended for use by children. Keep the chest rig out of reach of children to prevent accidents.

Instructions for Installation and Usage

1. **Unpacking:** Carefully remove the chest rig from its packaging. Inspect for any damage or missing components.
2. **Adjusting Straps:**
 - Locate the shoulder straps and back strap.
 - Adjust the straps to fit comfortably and securely around your body.
 - Ensure the rig sits snugly against your torso without excessive movement.
3. **Attaching Pouches:**
 - Use the MOLLE system to attach compatible pouches securely to the chest rig.
 - Ensure that pouches are properly threaded and secured to prevent detachment during use.
4. **Securing Items:**
 - Place items in the elastic cells and pouches, ensuring they are secured and do not exceed the rig's load capacity.
 - Use the Velcro slot at the bottom of each panel to mount hanger pouches as needed.
5. **Using the Rig:**
 - When ready to use, ensure the Fastex buckles are securely fastened.
 - To open the rig, use one hand to disengage the buckles quickly if necessary.
 - Practice transitioning into and out of the rig to ensure ease of use in various situations.

Disposal Instructions

- Dispose of the chest rig responsibly at the end of its life cycle.
- Check local regulations for proper disposal methods, especially if the rig is damaged or contains nonbiodegradable materials.

- Consider recycling components where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the safety, maintenance, or use of the 34 Alpha Chest Rig, please refer to the manufacturer's contact information provided with your product. Always ensure you have the latest updates and safety information regarding your product.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your 34 Alpha Chest Rig!
