Liberty Dynamic Flashbang Pouch The Liberty Dynamic Flashbang Pouch is a purpose-built storage solution for the Liberty Dynamic Flash Bang Grenade, but with a rectangular profile that is similar in size to many other common items found on the battlefield, this pouch can effectively store a wide variety of other items. 556 magazines, certain ATAK devices, and cell phones will all work with this pouch. The internal dimensions are 2" wide x 7" tall x 1" deep. However, the elastic sides on the pouch and the adjustable top allow it to accommodate larger items (i.e. a Kagwerks EUD case measuring 3.5" wide). The MOLLE backer takes up two columns and features a split MOLLE bar on the second row so it can be configured as a belt pass-through for various belt widths. The top flap of the pouch can be stowed inside the pouch so the user can use it as an open-top storage solution, or install the included shock cord retaining tab. This pouch is also a great alternative to the MPRC Mk5 if you are using small handsets like the Baofeng UV-5R or similar radios. When configured with an open top and shock cord retaining tab it will accommodate aftermarket antennae and PTT wiring while maintaining access to the radios top-mounted knob.

# Safety Instructions for Liberty Dynamic Flashbang Pouch

## Introduction

Thank you for choosing the Liberty Dynamic Flashbang Pouch by Spiritus Systems. This pouch is designed for safe and effective storage of the Liberty Dynamic Flash Bang Grenade and other compatible items. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU regulations.

## General Safety Guidelines

- Always use the pouch as intended for the storage of flashbangs and compatible items.
- Inspect the pouch regularly for any signs of wear or damage.
- Store the pouch in a cool, dry place away from direct sunlight and extreme temperatures.
- Keep the pouch out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents involving the pouch to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the pouch is securely attached to your gear using the MOLLE backer.
- Do not overload the pouch beyond its intended capacity, which may compromise its integrity.
- When using the opentop configuration, ensure that items are securely retained to prevent accidental loss.
- Be cautious when accessing items in the pouch, especially in dynamic environments.
- Avoid exposing the pouch to harsh chemicals or abrasive materials that may damage it.

## Instructions for Installation and Usage

### 1. Attaching the Pouch:

- Locate the MOLLE backer on the rear side of the pouch.
- Thread the MOLLE straps through the webbing on your gear, ensuring a secure fit.
- For a belt passthrough configuration, adjust the split MOLLE bar as needed.

### 2. Storing Items:

- Open the top flap of the pouch to access the interior.
- Place the flashbang or compatible items inside, ensuring they fit securely.
- If using the shock cord retaining tab, install it to keep items in place.

### 3. Using the Pouch:

- For opentop usage, stow the top flap inside the pouch.
- Ensure that any aftermarket antennae or PTT wiring are properly routed to maintain access to device controls.
- Regularly check that items are secure and that the pouch remains in good condition.

## Disposal Instructions

- Dispose of the pouch in accordance with local regulations for textile and plastic waste.
- Do not burn the pouch as it may release harmful substances.
- If the pouch is damaged beyond repair, consider recycling options where available.
