

MOLLE EXPANDER WING - SPIRITUS SYSTEMS MOLLE EXPANDER WING BLACK

[Home](#)

MOLLE Expander Wing The MOLLE Expander Wing is an ambidextrous and versatile platform for mounting knives, pouches, and other kit underneath the cummerbund of the LV/119 plate carrier. The wing integrates with the front plate bag via a double-sided hook and loop field that can be mounted on the front hook & loop panel, under a Micro Fight Chassis or 556 Placard. The wing features integrated loops and a pass through for female Tubes™ bars. This allows the wing to seamlessly work with a Tubes™-equipped LV/119 or allow for the integration of tubes on a plate carrier that would not otherwise accept them. The MOLLE grid is backed with ballistic Tegriss for a solid mounting platform and uses regularly spaced metal eyelets so other non-standard items can be lashed or zip-tied to the wing. The MOLLE grid is comprised of two columns and two rows.

MOLLE Expander Wing Safety Instructions

Introduction

Thank you for choosing the MOLLE Expander Wing by Spiritus Systems. This product is designed to enhance the functionality of your LV/119 plate carrier by providing a versatile platform for mounting various accessories. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the MOLLE Expander Wing is compatible with your equipment before use.
- Regularly inspect the product for any signs of wear, damage, or malfunction.
- Do not exceed the recommended weight capacity for mounted items.
- Keep the product away from children and vulnerable individuals who may misuse it.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- When mounting accessories, ensure that they are securely attached to prevent accidental detachment during use.
- Avoid sharp objects that may puncture or damage the MOLLE grid or ballistic backing.
- Be cautious when using the wing in adverse weather conditions, as wet or slippery conditions may affect grip and stability.
- If using the Tubes™ system, ensure proper alignment and secure attachment to avoid failure during use.

Instructions for Installation and Usage

Installation

1. **Prepare the Plate Carrier:**
 - Remove any existing attachments from the front hook & loop panel of the LV/119 plate carrier.
2. **Attach the MOLLE Expander Wing:**
 - Align the doublesided hook and loop field of the MOLLE Expander Wing with the front hook & loop panel.
 - Press firmly to ensure a secure attachment.
3. **Secure with Tubes™ (if applicable):**
 - Insert the female Tubes™ bars through the integrated loops of the wing.
 - Ensure they are seated properly and locked into place.

Usage

- **Mounting Accessories:**
 - Utilize the MOLLE grid to attach knives, pouches, or other equipment.
 - Ensure that all items are securely fastened using the metal eyelets or other attachment methods.
- **Weight Distribution:**
 - Distribute weight evenly across the MOLLE Expander Wing to maintain balance and stability.
- **Regular Checks:**
 - Periodically check all attachments to ensure they remain secure during use.

Disposal Instructions

- Dispose of the MOLLE Expander Wing in accordance with local regulations.
- If the product is damaged beyond repair, ensure it is discarded in a manner that prevents environmental

harm.

Contact Information for Further Support

For safety inquiries or additional support, please contact the manufacturer or your local distributor. Ensure that you have the product details at hand for efficient assistance.

Thank you for your attention to these safety instructions. Your safety and the effective use of the MOLLE Expander Wing are our top priorities.
