

MOLLE EXPANDER WING - SPIRITUS SYSTEMS MOLLE EXPANDER WING RANGER GREEN

[Home](#)

MOLLE Expander Wing The MOLLE Expander Wing is an ambidextrous and versatile platform for mounting knives, pouches, and other kit underneath the cummerbund of the LV/119 plate carrier. The wing integrates with the front plate bag via a double-sided hook and loop field that can be mounted on the front hook & loop panel, under a Micro Fight Chassis or 556 Placard. The wing features integrated loops and a pass through for female Tubes™ bars. This allows the wing to seamlessly work with a Tubes™-equipped LV/119 or allow for the integration of tubes on a plate carrier that would not otherwise accept them. The MOLLE grid is backed with ballistic Tegriss for a solid mounting platform and uses regularly spaced metal eyelets so other non-standard items can be lashed or zip-tied to the wing. The MOLLE grid is comprised of two columns and two rows.

MOLLE Expander Wing Safety Instructions

Introduction

Thank you for choosing the MOLLE Expander Wing by Spiritus Systems. This versatile accessory is designed to enhance the functionality of your LV/119 plate carrier. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the MOLLE Expander Wing is compatible with your equipment before installation.
- Regularly inspect the product for any signs of wear or damage.
- Do not overload the MOLLE Expander Wing beyond its intended capacity.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any defects or issues, discontinue use immediately and report them.

Specific Safety Precautions for Use

- **Installation:** Follow the installation instructions carefully to avoid improper setup that could lead to accidents.
- **Mounting Items:** Ensure that items mounted on the MOLLE Expander Wing are securely fastened to prevent them from falling or becoming dislodged during use.
- **Tubes™ Integration:** When using Tubes™ bars, ensure they are properly engaged and secured to avoid accidental release.
- **Ballistic Tegriss Backing:** Be aware that while the MOLLE grid is designed for durability, it is not a substitute for personal protective equipment.
- **Weight Distribution:** Distribute weight evenly across the MOLLE Expander Wing to maintain balance and prevent strain on the plate carrier.

Instructions for Installation and Usage

1. **Preparation:** Ensure that your LV/119 plate carrier is clean and free from debris.
2. **Attachment:**
 - Locate the doublesided hook and loop field on the MOLLE Expander Wing.
 - Align the field with the front hook & loop panel of your plate carrier.
 - Press firmly to secure the attachment.
3. **Mounting Items:**
 - Use the integrated loops to attach pouches or knives.
 - For nonstandard items, utilize the metal eyelets for lashing or ziptying.
4. **Tubes™ Integration:**
 - Insert the female Tubes™ bars through the passthrough openings.
 - Ensure that the bars are fully engaged for a secure fit.
5. **Final Check:** Before use, doublecheck all attachments and ensure that the MOLLE Expander Wing is securely mounted.

Disposal Instructions

- Dispose of the MOLLE Expander Wing in accordance with local regulations.
- If the product is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For safety inquiries or concerns regarding the MOLLE Expander Wing, please reach out to the designated EU contact point provided by the manufacturer.

Additional Information

- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

By adhering to these safety instructions, you can maximize the effectiveness of your MOLLE Expander Wing while ensuring a safe experience. Thank you for your attention to safety.
