

# MUTANT POUCH - SPIRITUS SYSTEMS MUTANT POUCH MULTICAM

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

Mutant Pouch The Mutant Pouch is a multi-purpose sustainment storage solution that can be mounted to any MOLLE surface with four columns. The Pouch is divided into two main compartments and is built with a mixture of Cordura and laminated Squadron Fabrics. The main compartment features a top flap with double retention (Hook & Loop & Fastex Buckle Closure) and is designed to hold a high-capacity radio battery (like the BB-2590), 8x 5.56 STANAG magazines stacked parallel to the body, 5.56 link, or any other similar sized items. The double closure gives the user multiple gear retention options and will reduce slop in the pouch. The secondary compartment will securely hold a handheld radio unit via elastic retention loop and an adjustable shock cord retention lanyard. Radios like the Harris 152 and Persistent Systems MPU5 are compatible, as well as a whole range of other smaller handhelds like Baofeng and Motorola products. The retention lanyard can be adjusted for radio height and is connected with a fastex buckle at the base so that the operator can easily remove the radio from the pouch, even with tall antennas. This compartment will also hold 16oz water bottles and other accessories. The Mutant serves as the foundational pouch for the 34A Split Rig system, and when paired with a SPUD pouch on each panel, end users now have access to a full-featured sustainment chest rig platform that can accommodate a wide variety of weapon and radio systems.

## Attributes

- Name: [SPIRITUS SYSTEMS MUTANT POUCH MULTICAM](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104704
- Mfr. No.: PO-MU-MC
- Colour: Multi-Cam
- Delivery weight: 0.159kg
- Shipping height: 32mm
- Shipping width: 165mm
- Shipping length: 241mm

# Safety Instruction Guide for the MUTANT POUCH by SPIRITUS SYSTEMS

## Introduction

Thank you for choosing the MUTANT POUCH from SPIRITUS SYSTEMS. This multipurpose sustainment storage solution is designed for safe and effective use in various applications. Please read this safety instruction guide carefully to ensure proper usage and to minimize risks.

## General Safety Guidelines

To ensure your safety and the safety of others while using the MUTANT POUCH, please follow these guidelines:

- Always inspect the pouch for any signs of damage before use.
- Ensure that the pouch is securely mounted to a MOLLE surface before loading it.
- Avoid overloading the pouch beyond its intended capacity.
- Keep the pouch away from extreme temperatures and harsh chemicals.
- Do not use the pouch for any purpose other than its intended use.
- Store the pouch in a dry and cool environment when not in use.

## Specific Safety Precautions for Use

When using the MUTANT POUCH, please observe the following precautions:

- Ensure that the double retention closure (Hook & Loop & Fastex Buckle Closure) is properly secured to prevent accidental opening.
- When using the secondary compartment for handheld radios, ensure that the elastic retention loop and shock cord lanyard are properly adjusted to secure the radio.
- Be cautious of sharp edges or components when loading and unloading items from the pouch.
- If using the pouch in a tactical environment, be aware of your surroundings to avoid entanglement or snagging on obstacles.

## Instructions for Installation and Usage

Follow these steps for proper installation and usage of the MUTANT POUCH:

### 1. Installation:

- Locate a MOLLE surface with at least four columns available.
- Align the pouch with the MOLLE webbing.
- Thread the straps of the pouch through the MOLLE webbing, ensuring a secure fit.
- Pull the straps tight to eliminate any slack and secure the pouch in place.

### 2. Loading the Pouch:

- Open the top flap of the main compartment using the double closure.
- Place items such as highcapacity radio batteries, STANAG magazines, or similarsized items into the compartment.
- Ensure that items are packed securely and do not exceed the compartment's capacity.
- Close the top flap and ensure the double closure is secure.

### 3. Using the Secondary Compartment:

- Open the secondary compartment and place the handheld radio inside.

- Use the elastic retention loop to secure the radio in place.
- Adjust the shock cord retention lanyard to fit the height of the radio and connect it with the fastex buckle at the base.
- Ensure that the radio is securely held and can be easily removed when needed.

## **Disposal Instructions**

When the MUTANT POUCH has reached the end of its life cycle or is no longer needed, please follow these disposal instructions:

- Check local regulations for disposal of textile materials.
- If the pouch is damaged or no longer usable, consider recycling it if possible.
- Do not dispose of the pouch in regular household waste if it contains any hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the MUTANT POUCH, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

## **Conclusion**

By adhering to these safety instructions, you can ensure a safe and effective experience with the MUTANT POUCH by SPIRITUS SYSTEMS. Always prioritize safety and follow the guidelines outlined in this document for optimal use. Thank you for your attention and enjoy your product!
