

34 ALPHA CHEST RIG - SPIRITUS SYSTEMS 34 ALPHA CHEST RIG MULTICAM TROPIC

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

34 Alpha Chest Rig The 34 Alpha Chest Rig is a split chassis that will interface directly with the existing Spiritus Systems straps and pouches. This is a true blank-slate platform that enables load-carriage configuration options for weapon ammo of nearly any caliber, and when combined with the Spiritus Systems current Pouch Suite, the end user's options are near-limitless. The system is constructed to be as low-profile as possible to add minimal bulk to the finished split rig, letting the end-user configure a chest rig that does exactly what they need it to do on any given mission without added bulk or unused space. The system can be paired with a set of Micro Fight Fat Straps and Back Strap to create a complete platform for a wide range of load bearing configurations. The panels are built with Squadron MOLLE front faces and elastic cells on the back for extra storage. The bottom of each 34 Alpha Panel also has a Velcro slot to mount hanger pouches. The chest rig panels are connected via two sliding Fastex buckles that provide a secure connection point, as well as quick, one-handed, opening and closing when engaging in activities that may require an open front configuration (i.e. going into the prone). They also allow for micro adjustments at the front without having to modify the width of the back strap. Each panel features six columns of MOLLE on the front and is compatible with all of Spiritus' GP Pouches, our SPUD Pouch, the Liberty Dynamic Flash Bang Pouch, the JSTA Pouch, and Nalgene Water Bottle Pouch. The top of the panel is built with integrated anchor point holes that give the wearer a secure solution for internal magazine retention when combined with our bungee retention kit, or to tie down secure items stored on the chest rig pouches. The internal elastic cells in the back are sewn in at three different widths to accommodate a wide range of items ranging from pistol magazines and multi-tools, all the way to 7.62 rifle mags and more. When assembled, the 34 Alpha Split Rig gives end-users access to a load bearing solution that will support a wide range of weapon platforms, mission profiles, and loadouts. NOTE: This is part of the Spiritus Systems Chest Rig System. This item does not include the chassis, shoulder straps, magazine inserts, or any other accessories. Note: This product may be shown with optional accessories. Made in the USA

Attributes

- Name: [SPIRITUS SYSTEMS 34 ALPHA CHEST RIG MULTICAM TROPIC](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104942

34 Alpha Chest Rig Safety Instructions

Introduction

Thank you for choosing the 34 Alpha Chest Rig by Spiritus Systems. This safety instruction guide provides essential information to ensure safe use and maintenance of your chest rig. Please read this guide carefully before use to familiarize yourself with important safety guidelines and instructions.

General Safety Guidelines

- Always inspect the chest rig before each use for any signs of wear or damage.
- Ensure that all buckles, straps, and pouches are securely fastened before engaging in activities.
- Do not exceed the recommended load capacity of the chest rig to prevent failure.
- Keep the chest rig out of reach of children to avoid accidental use or injury.
- Be aware of your surroundings and ensure that the chest rig does not obstruct your movement or visibility.
- Report any unsafe conditions or accidents immediately to the appropriate authorities.

Specific Safety Precautions for Use

- **Proper Fit:** Adjust the shoulder straps and back strap to ensure a snug fit. An improper fit may lead to discomfort or injury.
- **Load Distribution:** Distribute weight evenly across the chest rig to maintain balance and stability.
- **Use with Compatible Accessories:** Only use accessories and pouches that are compatible with the 34 Alpha Chest Rig to ensure safety and functionality.
- **Avoid Sharp Objects:** Do not store sharp objects in the pouches that may puncture the fabric or cause injury.
- **Weather Conditions:** Be cautious when using the chest rig in adverse weather conditions. Wet conditions may affect the grip of straps and buckles.
- **Training:** Familiarize yourself with the operation of the chest rig through practice and training before engaging in any active use.

Instructions for Installation and Usage

1. Initial Setup:

- Remove the chest rig from its packaging and inspect for any damage.
- Identify the front and back panels, along with the shoulder straps and back strap.

2. Adjusting the Straps:

- Loosen the shoulder straps and back strap before putting on the chest rig.
- Slip the chest rig over your head and adjust the straps to a comfortable fit.
- Ensure the rig sits securely on your torso without excessive movement.

3. Attaching Pouches:

- Use the MOLLE webbing on the front panels to attach compatible pouches.
- Ensure that all pouches are securely fastened and do not obstruct movement.

4. Using the Fastex Buckles:

- To connect the panels, slide the Fastex buckles together until they click into place.
- To release, press the sides of the buckles simultaneously and pull apart.

5. Load Management:

- Load your chest rig according to your mission requirements, ensuring that weight is evenly distributed.
- Do not overload the rig beyond its designed capacity.

6. Maintenance:

- After use, clean the chest rig with a damp cloth to remove dirt or debris.
- Store the chest rig in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the chest rig in accordance with local regulations.
- If the chest rig is damaged beyond repair, consider recycling the materials if possible.
- Do not dispose of the chest rig in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any inquiries or support regarding the 34 Alpha Chest Rig, please refer to the manufacturer's contact information provided with your product. Always ensure that you have the latest information regarding safety updates and recalls.

By following these safety instructions, you can ensure a safe and effective experience with your 34 Alpha Chest Rig. Thank you for your attention to safety.
