

EXPANDER WING MK 2 - SPIRITUS SYSTEMS EXPANDER WING MK2 MULTICAM ARID

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

The Expander Wing Mk 2 was built as direct replacement for the original Spiritus Systems Micro Fight Expander Wing Set with a focus on enhancing the product's functionality for plate carriers. The wing attaches to a Micro Fight Chassis or 556 Placard with a Velcro flap and can be mounted for increased storage capacity on a chest rig or under the cummerbunds of a LV/119.

Unlike its predecessor, the Expander Wing Mk 2 is completely reversible, and can be used on either the right or left side of the torso without any reduction in functionality or storage capacity. Spiritus Systems sells the Expander Wing Mk 2 individually for end users who do not require a full set for their loadout. (Reminder: If you want a set of these, make sure to add TWO to the cart.)

Wings used for chest rigs are mounted to the soft loop Velcro field on the back side of the Micro Fight Chest Rig. They also utilize Spiritus Systems unique loop over design that attaches to your Fat or Skinny straps to ensure a comfortable and stable attachment that will not sag even with heavy items placed inside. When used in conjunction with plate carriers, the Expander Wing Mk 2 will integrate with both Velcro and TUBES cummerbunds. The wing features a TUBES bar pass-through so the cummerbund can be attached or separated without the need to remove the expander wing. The Expander Wing Mk 2 is designed to hug the body which reduces their signature and securely holds items in place. The base Expander Wing Mk 2 pocket depth is 6" however, the adjustable internal retention strap can be lengthened or shortened to create the perfect pocket depth for your items. The top of the pocket also features double eyelets and a bungee retention kit, so radios and magazines remain secure during periods of movement. The expander wing will hold most small & medium caliber rifle magazines as well as a variety of radio platforms like the MPU5, 152, 163, and smaller units like Motorola XTS 5000.

Safety Instruction Guide for Expander Wing Mk 2

Introduction

Thank you for choosing the Expander Wing Mk 2 by Spiritus Systems. This product is designed to enhance the functionality of your loadout while ensuring safety and usability. Please read this safety instruction guide carefully to ensure safe use and proper maintenance of the product.

General Safety Guidelines

- **Product Safety:** Ensure the safe use of the Expander Wing Mk 2 by following these guidelines. This product is designed to meet safety standards and minimize risks.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be notified through standardized recall notices. Please ensure you register your product for updates.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements, providing the same protections as physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors to prevent accidents.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer or retailer where the product was purchased.
- **Rapid Alerts:** Stay informed about any safety updates concerning the product through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Proper Use:** Ensure the Expander Wing Mk 2 is correctly attached to the Micro Fight Chassis or 556 Placard. Incorrect installation may lead to product failure.
- **Load Limits:** Do not exceed the recommended load capacity. Overloading can compromise the integrity of the product and lead to accidents.
- **Regular Inspection:** Frequently check the attachment points and the condition of the Velcro flaps and straps. Replace any damaged components immediately.
- **Avoid Sharp Objects:** Do not place sharp objects inside the pockets to prevent injury and damage to the product.
- **Environmental Considerations:** Avoid exposing the product to extreme temperatures, moisture, or harsh chemicals, which may degrade its materials.

Instructions for Installation and Usage

- **Installation:**
 1. **Attach the Wing:** Securely attach the Expander Wing Mk 2 to the Micro Fight Chassis or 556 Placard using the Velcro flap.
 2. **Adjust for Fit:** Ensure the wing is snug against the body for optimal performance and reduced signature.
 3. **Check Compatibility:** If using with plate carriers, ensure compatibility with Velcro and TUBES cummerbunds. Utilize the TUBES bar passthrough for easy attachment and removal.
- **Usage:**
 1. **Loading Pockets:** Load items into the pockets, ensuring they are securely retained. Use the adjustable internal retention strap to customize pocket depth.
 2. **Secure Items:** Utilize the bungee retention kit and double eyelets to keep radios and magazines secure during movement.
 3. **Reversibility:** Remember that the Expander Wing Mk 2 is reversible. You can switch sides without

affecting functionality.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the Expander Wing Mk 2 according to local regulations regarding textile and plastic waste.
- **Recycling:** If possible, recycle components of the product to minimize environmental impact.
- **Hazardous Materials:** Ensure that any components containing hazardous materials are disposed of in accordance with local laws.

Contact Information for Further Support

For any questions or concerns regarding the Expander Wing Mk 2, please reach out to the manufacturer or retailer from whom you purchased the product. They will provide the necessary support and information regarding safety and maintenance.

Thank you for your attention to these safety guidelines. Enjoy your experience with the Expander Wing Mk 2, and use it safely and responsibly.
