

EXPANDER WING MK 2 - SPIRITUS SYSTEMS EXPANDER WING MK2 MULTICAM TROPIC

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

The Expander Wing Mk 2 was built as direct replacement for the original Spiritus Systems Micro Fight Expander Wing Set with a focus on enhancing the product's functionality for plate carriers. The wing attaches to a Micro Fight Chassis or 556 Placard with a Velcro flap and can be mounted for increased storage capacity on a chest rig or under the cummerbunds of a LV/119.

Unlike its predecessor, the Expander Wing Mk 2 is completely reversible, and can be used on either the right or left side of the torso without any reduction in functionality or storage capacity. Spiritus Systems sells the Expander Wing Mk 2 individually for end users who do not require a full set for their loadout. (Reminder: If you want a set of these, make sure to add TWO to the cart.)

Wings used for chest rigs are mounted to the soft loop Velcro field on the back side of the Micro Fight Chest Rig. They also utilize Spiritus Systems unique loop over design that attaches to your Fat or Skinny straps to ensure a comfortable and stable attachment that will not sag even with heavy items placed inside. When used in conjunction with plate carriers, the Expander Wing Mk 2 will integrate with both Velcro and TUBES cummerbunds. The wing features a TUBES bar pass-through so the cummerbund can be attached or separated without the need to remove the expander wing. The Expander Wing Mk 2 is designed to hug the body which reduces their signature and securely holds items in place. The base Expander Wing Mk 2 pocket depth is 6" however, the adjustable internal retention strap can be lengthened or shortened to create the perfect pocket depth for your items. The top of the pocket also features double eyelets and a bungee retention kit, so radios and magazines remain secure during periods of movement. The expander wing will hold most small & medium caliber rifle magazines as well as a variety of radio platforms like the MPU5, 152, 163, and smaller units like Motorola XTS 5000.

Safety Instruction Guide for EXPANDER WING MK 2

Introduction

Thank you for choosing the EXPANDER WING MK 2 by Spiritus Systems. This guide provides important safety information to ensure the safe use and installation of your product. Please read this guide carefully before using the EXPANDER WING MK 2.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the EXPANDER WING MK 2 for any signs of wear or damage.
- Do not use the product if it is damaged or shows signs of excessive wear.
- Keep the product away from children unless under adult supervision.
- Store the EXPANDER WING MK 2 in a dry and cool place when not in use.
- Report any unsafe conditions or accidents involving this product to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the EXPANDER WING MK 2 is securely attached to your Micro Fight Chassis or 556 Placard before use.
- Do not overload the pockets of the EXPANDER WING MK 2 beyond its designed capacity, as this may affect stability and safety.
- When using the product with plate carriers, ensure that the cummerbund is properly secured to avoid any accidents during movement.
- Be cautious when adjusting the internal retention strap to avoid pinching or injury.
- Avoid using the EXPANDER WING MK 2 in environments where it may become entangled with machinery or other equipment.

Instructions for Installation and Usage

1. Attaching the EXPANDER WING MK 2:

- Align the Velcro flap on the EXPANDER WING MK 2 with the corresponding Velcro field on your Micro Fight Chassis or 556 Placard.
- Press firmly to ensure a secure attachment.
- If using on a chest rig, mount the wings to the soft loop Velcro field on the back side.

2. Adjusting the Pocket Depth:

- To adjust the internal retention strap, locate the strap inside the pocket.
- Pull the strap to lengthen or shorten it as needed for your items.
- Ensure the strap is securely fastened after adjustment.

3. Using with Plate Carriers:

- Integrate the EXPANDER WING MK 2 with your plate carrier's Velcro or TUBES cummerbund.
- Use the TUBES bar passthrough to attach or separate the cummerbund without removing the expander wing.

4. Securing Items:

- Place items such as magazines or radios into the pockets.
- Use the double eyelets and bungee retention kit at the top of the pocket to secure items during movement.

5. Reversibility:

- The EXPANDER WING MK 2 can be used on either side of the torso. Simply detach and reattach according to your preference.

Disposal Instructions

- Dispose of the EXPANDER WING MK 2 in accordance with local regulations for textile and plastic waste.
- Do not burn the product as it may release harmful substances.
- If the product is damaged beyond repair, consider recycling components where possible.

Contact Information for Further Support

For any questions or support regarding the EXPANDER WING MK 2, please reach out to the manufacturer or your point of purchase. Always refer to the manufacturer's website for the latest safety information and updates.

By following these guidelines, you can ensure the safe and effective use of your EXPANDER WING MK 2. Thank you for your attention to safety!
