

# **MICRO FIGHT CHASSIS - SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK5 MULTICAM TROPIC**

[Shooting Accessories](#) > [Tactical Gear](#) > [Chest Rigs](#)

The Micro Fight Chassis MkV is a small and lightweight chassis that can be used as either a standalone magazine placard on a plate carrier, or the central hub for a chest rig when other Spiritus Systems components are used. The MkV is a single cell placard-style chassis that is built with all-new materials and manufacturing processes. The design features MOLLE on the front and sides to accommodate additional magazine pouches. Tourniquets and other equipment can also be stowed outboard with our universal retention kit, and a row of anchor points along the top opening will interface with our magazine bungee retention kit to secure any caliber of weapon. The main cell of the MkV Chassis is lined with loop Velcro on both sides and will accommodate all of Spiritus Systems' magazine inserts. Versatile and Scalable The Micro Fight Chest Rig MkV will interface with the whole line of Spiritus Systems chest rig and plate carrier components. The footprint of the MkV is identical to the Mk4 and will seamlessly connect with Expander Wings, LV/119 plate bags, and the Thing 1 and Thing 2. The MkV is extremely capable as a low-bulk solution for environments where space and weight command a premium. However, the product's modularity and compatibility with all Spiritus Accessories allow the micro fight to scale from a minimalistic magazine carrier to a full-fledged plate carrier system, or various sustainment and comms-focused chest rigs. The CCS Pouch The MkV can be combined with its companion product, the CCS Pouch. The CCS pouch is a full-featured GP Pouch that vastly improves upon the legacy front cell's functionality, and storage capacity. For those that do not need a GP Pouch solution, the MkV's MOLLE front will accept any 3rd party magazine holders or other pouches

## **Attributes**

- Name: [SPIRITUS SYSTEMS MICRO FIGHT CHASSIS MK5 MULTICAM TROPIC](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104948
- Mfr. No.: CR-MF-MT-05
- Colour: Multi-Cam Tropic
- Delivery weight: 0.172kg
- Shipping height: 38mm
- Shipping width: 216mm
- Shipping length: 330mm

# Safety Instruction Guide for the Micro Fight Chassis MkV

## Introduction

Thank you for choosing the Micro Fight Chassis MkV by Spiritus Systems. This guide provides essential safety information and instructions for the proper use and maintenance of your product. Please read this guide carefully to ensure safe operation and to maximize the benefits of your Micro Fight Chassis MkV.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the Micro Fight Chassis MkV by following all instructions provided in this guide. The product is designed for safe operation when used as intended.
- **Enhanced Recalls:** In the event of a safety issue, you will be notified through standardized recall notices. Please keep your purchase information for reference.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements, just as physical stores must.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, including children. Ensure that they do not use the product unsupervised.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point specific to this product.
- **Rapid Alerts:** Stay informed about product safety updates by checking the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for adult users only. Keep out of reach of children.
- **Proper Use:** Use the Micro Fight Chassis MkV only as intended. Do not modify the product in any way.
- **Inspect Before Use:** Always inspect the chassis for any signs of wear, damage, or defects before using. Do not use if damaged.
- **Secure Attachment:** Ensure that all components are securely attached before use to prevent accidents.
- **Weight Limitations:** Be mindful of the weight limit of the chassis when loading equipment. Overloading may cause failure.
- **Avoid Sharp Objects:** Keep sharp objects away from the chassis to prevent punctures or tears in the material.
- **Environmental Considerations:** Avoid exposing the product to extreme temperatures, moisture, or corrosive substances.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure you have all necessary components and accessories.
- Attach the Micro Fight Chassis MkV to your plate carrier or chest rig using the MOLLE system.
- Ensure that the chassis is securely fastened and that all straps are tightened.

### 2. Loading:

- Insert magazines and equipment into the designated areas of the chassis.
- Use the universal retention kit to secure additional items such as tourniquets.
- Make sure items are stowed properly to prevent movement during activity.

### 3. Adjusting Fit:

- Adjust the fit of the chassis to your body by manipulating the straps and attachment points.
- Ensure comfort and accessibility while maintaining a secure fit.

#### **4. Maintenance:**

- Regularly check for any wear or damage to the chassis.
- Clean the chassis with a damp cloth. Do not use harsh chemicals or abrasive materials.
- Store the chassis in a cool, dry place when not in use.

## **Disposal Instructions**

- Dispose of the Micro Fight Chassis MkV in accordance with local regulations for textile and plastic waste.
- Do not dispose of in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Micro Fight Chassis MkV, please reach out to your retailer or the designated EU contact point for assistance.

By following these guidelines and instructions, you can ensure the safe and effective use of the Micro Fight Chassis MkV. Thank you for your attention to safety and for choosing Spiritus Systems.
