

MUTANT POUCH - SPIRITUS SYSTEMS MUTANT POUCH MUTICAM ARID

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

Mutant Pouch The Mutant Pouch is a multi-purpose sustainment storage solution that can be mounted to any MOLLE surface with four columns. The Pouch is divided into two main compartments and is built with a mixture of Cordura and laminated Squadron Fabrics. The main compartment features a top flap with double retention (Hook & Loop & Fastex Buckle Closure) and is designed to hold a high-capacity radio battery (like the BB-2590), 8x 5.56 STANAG magazines stacked parallel to the body, 5.56 link, or any other similar sized items. The double closure gives the user multiple gear retention options and will reduce slop in the pouch. The secondary compartment will securely hold a handheld radio unit via elastic retention loop and an adjustable shock cord retention lanyard. Radios like the Harris 152 and Persistent Systems MPU5 are compatible, as well as a whole range of other smaller handhelds like Baofeng and Motorola products. The retention lanyard can be adjusted for radio height and is connected with a fastex buckle at the base so that the operator can easily remove the radio from the pouch, even with tall antennas. This compartment will also hold 16oz water bottles and other accessories. The Mutant serves as the foundational pouch for the 34A Split Rig system, and when paired with a SPUD pouch on each panel, end users now have access to a full-featured sustainment chest rig platform that can accommodate a wide variety of weapon and radio systems.

Attributes

- Name: [SPIRITUS SYSTEMS MUTANT POUCH MUTICAM ARID](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104953
- Mfr. No.: PO-MU-MA
- Colour: Multi-Cam Arid
- Delivery weight: 0.159kg
- Shipping height: 32mm
- Shipping width: 165mm
- Shipping length: 241mm

Safety Instruction Guide for the MUTANT POUCH

Introduction

Thank you for choosing the MUTANT POUCH by SPIRITUS SYSTEMS. This multifunctional pouch is designed for durability and efficiency in various environments. To ensure your safety and the optimal use of this product, please read and follow the safety guidelines and instructions outlined in this guide.

General Safety Guidelines

- Always inspect the pouch before use for any signs of damage or wear.
- Ensure the pouch is securely mounted to a MOLLE surface to prevent accidental detachment.
- Use the pouch only for its intended purpose as described in this guide.
- Keep the pouch away from extreme heat sources and open flames.
- Do not overload the pouch beyond its designed capacity to maintain structural integrity.
- Always follow local laws and regulations regarding the use of tactical gear and equipment.

Specific Safety Precautions for Use

- When using the pouch to carry a radio, ensure that the device is properly secured with the elastic retention loop and shock cord.
- Avoid using the pouch in situations where it may become entangled with other gear or equipment.
- Be cautious when adjusting the retention lanyard, ensuring it does not snap back unexpectedly.
- If using the pouch in a tactical environment, be aware of your surroundings to prevent accidents.
- Keep the pouch away from children and unauthorized users to prevent misuse.

Instructions for Installation and Usage

Installation

1. Locate a MOLLEcompatible surface with at least four columns for secure attachment.
2. Align the pouch with the desired position on the MOLLE surface.
3. Weave the pouch's straps through the MOLLE webbing, ensuring a tight fit.
4. Pull the straps to secure the pouch in place, confirming that it does not move or shift.

Usage

1. Main Compartment:

- Open the top flap using the double retention system (Hook & Loop & Fastex Buckle).
- Place items such as a highcapacity radio battery or magazines inside, ensuring they are stacked parallel to the body.
- Close the top flap securely to prevent items from falling out.

2. Secondary Compartment:

- Open the compartment and place the handheld radio unit inside.
- Secure the radio with the elastic retention loop and adjust the shock cord lanyard for optimal height.
- Ensure the radio is easily accessible, even with tall antennas.

3. Additional Items:

- The pouch can also hold 16oz water bottles and other accessories. Make sure these items are secured within the pouch to avoid movement during use.

Disposal Instructions

- Dispose of the pouch in accordance with local regulations regarding textile and plastic waste.
- If the pouch is damaged beyond repair, consider recycling materials where possible.
- Do not incinerate or dispose of the pouch in a manner that may harm the environment.

Contact Information for Further Support

For any safety inquiries or support related to the MUTANT POUCH, please reach out to your local distributor or consult the manufacturer's website for additional resources.

By following these guidelines, you can ensure the safe and effective use of your MUTANT POUCH. Thank you for your attention to these important safety instructions.
