

MUTANT POUCH - SPIRITUS SYSTEMS MUTANT POUCH MUTICAM TROPIC

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

Mutant Pouch The Mutant Pouch is a multi-purpose sustainment storage solution that can be mounted to any MOLLE surface with four columns. The Pouch is divided into two main compartments and is built with a mixture of Cordura and laminated Squadron Fabrics. The main compartment features a top flap with double retention (Hook & Loop & Fastex Buckle Closure) and is designed to hold a high-capacity radio battery (like the BB-2590), 8x 5.56 STANAG magazines stacked parallel to the body, 5.56 link, or any other similar sized items. The double closure gives the user multiple gear retention options and will reduce slop in the pouch. The secondary compartment will securely hold a handheld radio unit via elastic retention loop and an adjustable shock cord retention lanyard. Radios like the Harris 152 and Persistent Systems MPU5 are compatible, as well as a whole range of other smaller handhelds like Baofeng and Motorola products. The retention lanyard can be adjusted for radio height and is connected with a fastex buckle at the base so that the operator can easily remove the radio from the pouch, even with tall antennas. This compartment will also hold 16oz water bottles and other accessories. The Mutant serves as the foundational pouch for the 34A Split Rig system, and when paired with a SPUD pouch on each panel, end users now have access to a full-featured sustainment chest rig platform that can accommodate a wide variety of weapon and radio systems.

Attributes

- Name: [SPIRITUS SYSTEMS MUTANT POUCH MUTICAM TROPIC](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104954
- Mfr. No.: PO-MU-MT
- Colour: Multi-Cam Tropic
- Delivery weight: 0.159kg
- Shipping height: 32mm
- Shipping width: 165mm
- Shipping length: 241mm

Safety Instruction Guide for the MUTANT POUCH

Introduction

Thank you for choosing the MUTANT POUCH by SPIRITUS SYSTEMS. This multipurpose sustainment storage solution is designed for safe and effective use in various environments. Please read this safety instruction guide carefully to ensure proper handling, installation, and usage of the pouch.

General Safety Guidelines

- Ensure that the pouch is used only for its intended purpose as specified in the product description.
- Always inspect the pouch for any signs of damage before use. Do not use if damaged.
- Keep the pouch out of reach of children to prevent accidental injury or misuse.
- Be aware of your surroundings when using the pouch, especially in crowded or hightraffic areas.
- Follow all local regulations and guidelines when using the pouch in outdoor or tactical environments.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The pouch may contain small parts that could pose a choking hazard if detached.
- Improperly secured items within the pouch may shift during movement, leading to potential injury.
- The use of sharp objects in conjunction with the pouch may cause cuts or punctures.

- **Avoiding Hazards:**

- Always secure all items within the pouch to prevent movement during use.
- Do not overload the pouch beyond its intended capacity.
- Use caution when attaching or detaching the pouch from MOLLE surfaces to avoid pinching fingers.
- Ensure that all buckles and closures are properly fastened before use.

Instructions for Installation and Usage

- **Installation:**

1. Locate a MOLLEcompatible surface on your gear.
2. Align the four columns of the pouch with the MOLLE webbing.
3. Pass the straps through the webbing and secure them by pulling tight.
4. Ensure that the pouch is firmly attached and does not shift when pulled.

- **Usage:**

1. Open the top flap using the double retention system (Hook & Loop & Fastex Buckle).
2. Place items such as a highcapacity radio battery, magazines, or other similarsized items into the main compartment.
3. For the secondary compartment, secure the handheld radio unit using the elastic retention loop and adjustable shock cord lanyard.
4. Adjust the retention lanyard for proper radio height, ensuring it is connected with the fastex buckle at the base.
5. Close the top flap securely after placing items inside.
6. Regularly check that all items are secure and that the pouch is functioning as intended.

Disposal Instructions

- When the pouch reaches the end of its life cycle, dispose of it responsibly.
- Follow local regulations for the disposal of textiles and synthetic materials.
- Consider recycling options if available in your area to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding the safety of the MUTANT POUCH, please refer to the manufacturer's website or contact their customer support directly. Your safety and satisfaction are our top priorities.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and effective experience with your MUTANT POUCH.
