

MUTANT POUCH - SPIRITUS SYSTEMS MUTANT POUCH WOODLAND

[Shooting Accessories](#) > [Duty Gear](#) > [Pouches](#)

Mutant Pouch The Mutant Pouch is a multi-purpose sustainment storage solution that can be mounted to any MOLLE surface with four columns. The Pouch is divided into two main compartments and is built with a mixture of Cordura and laminated Squadron Fabrics. The main compartment features a top flap with double retention (Hook & Loop & Fastex Buckle Closure) and is designed to hold a high-capacity radio battery (like the BB-2590), 8x 5.56 STANAG magazines stacked parallel to the body, 5.56 link, or any other similar sized items. The double closure gives the user multiple gear retention options and will reduce slop in the pouch. The secondary compartment will securely hold a handheld radio unit via elastic retention loop and an adjustable shock cord retention lanyard. Radios like the Harris 152 and Persistent Systems MPU5 are compatible, as well as a whole range of other smaller handhelds like Baofeng and Motorola products. The retention lanyard can be adjusted for radio height and is connected with a fastex buckle at the base so that the operator can easily remove the radio from the pouch, even with tall antennas. This compartment will also hold 16oz water bottles and other accessories. The Mutant serves as the foundational pouch for the 34A Split Rig system, and when paired with a SPUD pouch on each panel, end users now have access to a full-featured sustainment chest rig platform that can accommodate a wide variety of weapon and radio systems.

Attributes

- Name: [SPIRITUS SYSTEMS MUTANT POUCH WOODLAND](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104955
- Mfr. No.: PO-MU-WD
- Colour: Woodland
- Delivery weight: 0.159kg
- Shipping height: 32mm
- Shipping width: 165mm
- Shipping length: 241mm

Safety Instruction Guide for the MUTANT POUCH by SPIRITUS SYSTEMS

Introduction

Thank you for choosing the MUTANT POUCH by SPIRITUS SYSTEMS. This multipurpose sustainment storage solution is designed for safe use in various environments. This guide provides essential safety information, installation instructions, and proper usage tips to ensure your safety and the longevity of the product.

General Safety Guidelines

- Ensure that the pouch is securely mounted to a MOLLE surface before use.
- Regularly inspect the pouch for any signs of wear or damage.
- Avoid overloading the pouch beyond its intended capacity to prevent failure.
- Keep the pouch and its contents away from extreme heat or open flames.
- Store the pouch in a dry place to prevent mold and deterioration of materials.
- Always check compatibility with your equipment before use, especially for radios and accessories.

Specific Safety Precautions for Use

- **Hazard Awareness:**
 - Be aware of sharp edges or protruding parts when handling the pouch.
 - Monitor for any loose straps or cords that could pose a tripping hazard.
- **Age Restrictions:**
 - This product is not intended for use by children. Ensure that it is kept out of reach.
- **Radio Use:**
 - When using handheld radios, ensure they are secured with the elastic retention loop and adjustable shock cord lanyard to prevent accidental drops.
 - Adjust the lanyard to fit securely around the radio to avoid slippage.
- **Weight Considerations:**
 - Do not exceed the recommended load of 8x 5.56 STANAG magazines or similar items in the main compartment.
 - Ensure that water bottles or other accessories do not exceed the compartment's capacity.

Instructions for Installation and Usage

1. Installation:

- Locate a MOLLE-compatible surface with at least four columns for secure attachment.
- Align the Pouch with the MOLLE webbing and weave the straps through the columns.
- Pull the straps tight to ensure a secure fit.

2. Usage:

- Open the top flap using the Hook & Loop and Fastex Buckle Closure.
- Place the intended items (e.g., radio battery, magazines) in the main compartment.

- For handheld radios, place the unit in the secondary compartment and secure it with the elastic retention loop.
- Adjust the shock cord retention lanyard to the desired height for easy access.
- Close the top flap securely after loading to prevent items from falling out.

3. Maintenance:

- Regularly clean the pouch using a damp cloth and mild soap. Avoid harsh chemicals.
- Inspect all closures for functionality and replace any damaged components immediately.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding textile and electronic waste.
- If the pouch is damaged beyond repair, consider recycling components where possible.
- Do not incinerate the pouch as it may release harmful substances.

Contact Information for Further Support

For safety inquiries or to report unsafe products, please reach out to your local consumer safety authority or visit the EU Safety Gate platform for updates on recalls and safety alerts.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your MUTANT POUCH!
